NUMBER 103

Looks Like New By Small Margin In Indiana

SENATOR NEW AND EX-SENATOR ALBERT J. BEVERIDGE IN NECK AND NECK RACE FOR SENATORIAL NOMINATION AT PRIMARIES

Latest Figures Give New Margin Of 2,000 Votes With Less Than Half Total Number Of Precincts Reported—Managers Of Both Candidates Claim Their Favorite Has Won.

RESULT IS BOUND TO BE VERY CLOSE

Indianapolis, Indiana, May 3.—Figures compiled at New headquarters at this hour (1:30 P. M.) received from 1999 precincts, give the following vote: New, 102,346; Beveridge, 100,139.

Indianapolis, Indiana, May 3.—Harry S. New slipped into the lead by a neck today in the tabulation of votes in his race with Albert J. Beveridge for the Republican nomination for United States Senator from Indiana. After the pendulum had swung back and forth several times in as many hours the count in 1244 precincts out of 3382 gave New a lead of 1172. Senator New seeks re-election on the record of President Harding's administration.

Indianapolis, Indiana, May 4.—Albert J. Beveridge, Progressive Republican, piled up a steadily increasing lead today in his battle to supplant Harry S. New in the United States Senate. Returns from the primary tabulated today at noon showed that in 1424 precincts out of 3382 in the State, Beveridge was leading by 8,589. The vote stood: Beveridge, 81,500, New 72,911. At that time, Fred I. King, manager for New, declared that the Senator, a close friend and staunch supporter of President Harding, who sought the nomination on the record of the Harding administration, would win by 5,000.

Washington, D. C., May 4.—Many of the precincts yet to report are from sections where Beveridge should be stronger than New. Senator Jim Watson, New's colleague, was surrounded by an eager group the minute he appeared in the Senate. Watson had no later information than was conveyed in the United Press despatches. New, he said, continued confident that the count would show him the victor. If New loses his defeat will be considered a direct slap at the Harding administration. This is more the case with regard to New than any other Senator, both because of his close personal friendship to President Harding and because of their political similarity. New is first and last a party organization man.

At Senator New's office a telegram received shortly before noon, Washington time, gave the following figures: In 1508 precincts out of 3374: New, 75,277; Beveridge 72,483. New's office here said his renomination by 6,000 to 10,000 was expected. The figures given included 63 precincts in which Indianapolis is located.

Washington, D. C., May 4.—Partial returns of the Indiana Senatorial Primary created a near panic in the Republican Senatorial ranks today. Senators were amazed and incredulous over the news that returns from half the state showed Beveridge more than 5,000 in the lead over Senator Harry S. New.

KLAN MUST DEFEND \$200,000 LIBEL SUIT

Fort Worth, Texas, May 3.—Suit for \$200,000 alleging libel was filed in Federal Court here today against the Ku Klux Klan by A. W. Sasse,

of New Orleans and formerly of Fort Worth. The complaint alleged that after he became a member of the organization Klan officials tried to force him to discharge an employee. He refused and charges that the defendant immediately conspired and confederated to ruin the plaintiff.

Battle of Typewriters Rattles On With Miners Having Last Word

Statement issued by John Brophy, President District No. 2, U. M. W. of A.

My attention has just been directed to the letter sent out by officers of the Central Coal Association as published last week.

We have heard before of Mr. Shillingsford's "investigation" of earnings of miners, giving the very accurate looking average of \$1,319.42. When we published the Union's records showing the actual average earnings to be \$760.00 for miners in 1921, we also gave the public the detailed explanation of how the records were compiled. We have invited the United States Department of Labor to send in its own accountants to re-tabulate our figures. But the Coal Operators' figures, as usual, contain not one word of how their estimates were compiled, not one intimation of what kinds of miners are included, what costs are lumped together to arrive at such averages.

We have this proposition for the Central Coal Association: We will

welcome their statisticians at district headquarters to check up our records if they will permit the Union's auditors to examine the books of their operator members and publish the records of their labor costs and profits for recent years. And will the operators explain what happened to the prices of a car-load of coal between the mine and the consumer?

Next the operators' statement cites an excerpt from the record of the hearing accorded the officers of District No. 2 by the Congressional Investigation Committee. This excerpt shows how Chairman Nolan of the Committee misunderstood part of my statement to him, and how, in turn, misunderstood a question he asked me. Chairman Nolan's question which I misunderstood dealt with the total labor cost of a ton of coal. My interest was in the earnings of the teenage miners. It is quite true that the cost of day labor makes up a

(Continued on Page Five)

They Call Ex-Kaiser "Dad" and "Grandpa"

A new picture of the daughter of the former German emperor and her family. She is the wife of the Duke of Brunswick and Lüneburg, German nobleman.

THREE CHILDREN LOSE LIVES IN FIRE

Ridgway, May 2.—Three small children of Mr. and Mrs. Arthur Smith of Keating Summit, about ten miles north of Emporium, perished in a fire which destroyed their residence at an early hour yesterday morning. The origin of the fire is thought to have been a series of explosions from a gas pipe. The blaze reaching was so fierce that the house was a mass of ruins in scarcely more than ten minutes.

Mr. Smith had gone to work in the fields at 8:30 A. M., and Mrs. Smith had proceeded to the barn to milk the cows when their five year old son Roy, was seen to run to the door screaming for his father. The dwelling was ablaze. The boy rushed back into the burning house and perished. Two of the girls who were asleep and the boy, Roy, perished. The girls are Dorris, aged eight and Ellen, aged three. It is said that one of the bodies could not be found for some time and that later it was recovered from a pile of rubbish.

There are two older sons who survive.

U. S. TREASURY WAS DAMAGED BY FIRE

Washington, D. C., May 3.—The United States Treasury, the world's greatest store house was damaged by fire of mysterious origin early this morning. A portion of the roof was destroyed. The damage was estimated at \$100,000. This is the third fire of mysterious origin which has occurred in the Capitol city within a short time.

Washington, D. C., May 3.—A complete investigation into the cause of the fire which swept the roof of the United States Treasury early today causing damage of \$100,000 was ordered by the Treasury office. Secret Service operatives will aid in the inquiry into the origin of the blaze which was the second in the Treasury in recent months. The police believe the fire was started by a kerosene burner in the drafting room and that an explosion carried the flames in all directions.

PITTSBURGH STEEL PLANT SUFFERS HEAVY FIRE LOSS

Pittsburgh, Pa. May 3.—Fire which threatened to sweep the big Jones & Laughlin Steel Company's plant here today destroyed four buildings before the flames could be extinguished. Estimates placed the damage at \$250,000. The buildings destroyed were machine shops Nos. 1 and 2, the polishing mill and the finishing mill, each 80x160x100. Several hundred residents near the mills were forced to flee in night clothing as sparks ignited the roofs of their houses. The firemen fought the blaze for several hours before it was brought under control.

SOAKED DUBOIS BOOTLEGGERS GOOD

Peter Misceovich and John Urbanovich of No. 1 shaft, DuBois, who were recently arrested in a moonshine raid made by Sheriff Lowell, appeared before Judge Singleton Bell Monday morning and received sentences that undoubtedly impressed them with the seriousness of the court in regard to infractions of the liquor laws. They admitted they had discontinued.

Misceovich was sentenced to pay a fine of \$1,000 and serve two years in jail, with the proviso that if he pays his fine within five days he may apply to the court for parole after he has served six months of his sentence. Urbanovich, who is alleged to have fought with officers when they attempted to arrest him, was sentenced to pay a fine of \$1 and two months in jail for resisting an officer, and to pay a fine of \$100 and serve six months for breaking the liquor laws, with the privilege of applying for parole at the end of thirty days, after the two months sentence for resisting an officer is served.

However, there is a possibility that Urbanovich will never be a free man in America again. Facts laid before the authorities have convinced them that Urbanovich, who is unable to read or write any language, was smuggled into this country about a year ago, contrary to the immigration laws. The matter is being taken up with the immigration authorities, and if such proves to be the case, it is expected that he will be deported before his prison terms expire.

Born, to Mr. and Mrs. John Siebenrock, this morning an 11 pound boy.

Clarence Haag has to hang by the tail of his britches as he is thrown off a bucking broncho.

FOREST FIRES ARE FINALLY SUBDUED

The forest fires, which have been raging along Trout Run the past four or five days have been finally subdued, but it took an army of men and a lot of hard work to do the trick. Those engaged in fighting these fires are positive they were the work of firebugs as during Saturday and Sunday last it is said fire was set out in five or six different places. Investigators are at work attempting to ferret out the perpetrators of this series of outrages and if they are run to earth they will be given the extreme penalty of the law.

Local Boy Scouts of Troop No. 2 and No. 4 in charge of Walter Flegal were taken out to Goshen Camp in trucks Monday night at 10 o'clock and spent the balance of the night and yesterday forenoon battling the flames. They did effective work, coming home last evening at 7 o'clock a tired bunch of boys.

The territory burned over will approximate three thousand acres and a great deal of young and growing timber was destroyed.

PLAY HOUR TO BE GIVEN ON LOCAL PLAYGROUNDS SOON

Clearfield Community Service plans during the next ten days, to hold on the site of each of the four playgrounds planned for this summer, a demonstration play hour, showing the value and possibilities of such activities of the children under guidance. The school teachers are working now with Miss Haire in preparation for these afternoons and a great deal of interest is being aroused among the children and parents. Some of those who have been attending the play-leaders institute will assist and much of beauty and grace as well as action is promised. Definite dates will be announced later.

The announcement was made at the session of the play institute last evening that the sixth and final session will be held on Thursday evening, May 4th, as originally planned. Most of those in attendance seem to be going to the circus in the afternoon, and it was felt that the original schedule would be adhered to. This is the more necessary as the committee in charge of this work has decided to conduct a short intensive course for those who have pledged themselves for volunteer service during the summer. The present course has been so largely attended and the play hours so enjoyed that some of the serious study necessary to training for playground leadership was omitted. Miss Frances Haire, who is doing this work as a special organizer, assigned to Clearfield from Community Service, Inc., will be busy with this intensive course and preparation for the playground demonstration during the two weeks remaining for her work here.

P. O. S. OF A. TO HAVE BIG MEETING AT DUBOIS MAY 11

National And State Officers Of This Vigorous Patriotic Organization Now Touring State.

COUNTY MEETING HAD A FINE TIME

Washington Camp, No. 269, P. O. S. of A. as well as members of the order throughout Clearfield County are greatly interested in the forthcoming official tour and visit of national and State officers of the order, an event that will bring this distinguished group of visitors to Clearfield County on Thursday, May 11th. Arrangements have been made for the holding of a monster rally in DuBois on that date, the Avenue Theatre being secured for the evening meeting. At 2 o'clock in the afternoon there will be a conference of visiting officers and members at which time there will be present delegates from all the camps in Clearfield County.

According to present plans the forthcoming gathering of P. O. S. of A. officers and members will be the largest event of this nature that has taken place in DuBois for several years. The meeting is part of a state-wide tour that is being taken by the state and national officers during the week of May 8th to 13th inclusive, and the meeting for DuBois takes in all of Clearfield County.

There are 16 camps in this county, all of them with a large membership, and it is expected that practically all of the camps will send good sized delegations to the big rally. The tour of the officials is described as being organized to spread the gospel of Americanism and to explain properly to the citizens of Western Pennsylvania the true significance of the Patriotic Order Sons of America and its work.

Among the officers who are expected to be in DuBois enroute are: Hon. Gabriel H. Moyer, national president, Lebanon, Pa.; James H. Patton, national vice president, secretary of national legislative committee, Washington, D. C.; Hon. Oscar B. Wetherhold, State president, Reading, Pa.; Alfred D. Boyer, state vice president, Pottsville, Pa.; Irwin S. Smith, treasurer, Reading, Pa. The "Grand Old Man of the Order," Charles Brumm Helms, of Philadelphia, State Secretary, James I. Pyle, state master of forms, Lancaster, Pa.

The P. O. S. of A. stands for "One Flag, One Language, One Country."

PHILIPSBURG TO GET CLUB GOING

About thirty members of the Clearfield Rotary Club journeyed over to Philipsburg last evening for the purpose of assisting in the preliminary organization of the Philipsburg Rotary Club. The meeting for this purpose which was attended by twenty-four of the twenty-five charter members of the new club was held at the Hotel Philips.

Like all Rotary functions the meeting was preceded by a good dinner, which eminently fitted everybody for the task at hand. The meeting was presided over by M. Ward Fleming, Esq., and after the necessary preliminaries had been attended to, he turned the "management" over to ex-President Ward O. Wilson of Clearfield, who is given much of the credit for organizing Philipsburg, and the genial medico made things hum with his usual vim from that point to the close.

Addresses were made by M. Ward Fleming, H. B. Scott, L. G. Rank, Dr. W. B. Henderson, R. B. Stauffer and Lawshe Baird, of Philipsburg; W. E. Hoffman, of Tyrone and Messrs. Wilson, A. D. Bigler, J. D. Connolly, Geo. E. Zerfoss and C. T. Kurtz of the local club.

The temporary organization of the Philipsburg Club was effected by the election of M. Ward Fleming as Chairman and R. B. Stauffer, Secretary. Chairman Fleming appointed a committee on Constitution and By-Laws consisting of R. B. Stauffer, H. B. Scott and Dr. Carl Dinger, and then named L. G. Rank, Theodore Jackson and Sam Wigton a committee to present a list of nominations for the different offices to be filled at the permanent organization meeting which will be held next Tuesday evening.

The following twenty-five representative citizens make up the list of charter members of the Philipsburg club: Barnes, Joseph, Building Brick Man; Bair, Joyce, Newspaper Publisher; Baird, Lawshe, Lock Manufacturer; Barnes, Joseph, Building Brick Manufacturer; Beals, Francis E., Insurance; Bratton, George W., Wholesale.

(Continued on Page Six)

Big Loss By Fire At Pleasant Valley Orchard Farm-Stock Lost

The Pleasant Valley Orchard farm of H. B. Powell, located in Bradford township about three miles from Woodland, was the scene of a very destructive fire Tuesday in which the large farm barn machinery house, chicken house, a two-ton truck, team of mules, two cows, a calf and a hog were totally consumed.

Manager Joseph Thompson had a crew of ten men at the farm spraying the trees in the orchards and at the time of the fire this crew was working at the top of No. 3 orchard, about one-fourth mile distant, and were not apprised of the fire until the barn was a mass of flames.

The fire appeared to have its origin in or about the chicken house, which closely adjoined the machinery house. There was no fire about the place and the cause is undetermined and it is thought it might have been caused by children playing with matches.

Shortly after the fire started Oscar Rhinehart, one of Mr. Powell's truck

drivers, arrived on the scene in his truck. Knowing of the stock being in the barn Mr. Rhinehart drove up close to the burning building and stopping his truck ran into the barn untied the mules and attempted to drive them and the other stock out of the burning structure. The animals were so frightened by the flames that they refused to leave the barn. Seizing a piece of scathing Mr Rhinehart attempted to drive the mules to safety, but despite the blows rained upon their backs they would not go out. The same was true of the cattle and all were burned with the barn.

Rhinehart was finally forced by the rapidly advancing fire to retreat from the barn to save his own life and when he got outside found that the heat was so intense he could not get near the truck and it too was engulfed by the flames and totally destroyed.

The loss will amount to several thousand dollars with only a small amount of insurance.

CURWENSVILLE

A typographical error announced "The Kid" for Wednesday morning. It should have read Wednesday evening, May 3. That is this evening. Benefit of Legion Band.

The Song Fest, in celebration of National Music week at the M. E. church last evening was a decidedly enjoyable affair. Mr. Cook of the Clearfield Y. M. C. A. conducted the singing while Miss Helen Clark presided at the piano. Such old favorites as "Pennsylvania," "Love's Old Sweet Song," "Old Black Joe" and "Juanita" were especially attractive numbers on the program. A Community Sing is always a treat but this one was unusually fine, the general opinion being that we ought to have more of them. Miss Clark gave an oration on "Music" which was well received by the audience.

Miss Isabelle Kerns has returned from an extended visit to Lancaster.

Mr. and Mrs. L. H. Weber, of Luthersburg, shopped in town yesterday.

Curwensville is the birthplace of a new lodge which bids fair to become one of the largest lodges in point of numbers and the most popular lodge in existence. We refer to the "Ancient and Horrible Lodge of Liars" which is a comparatively new organization. It is the privilege of every member to lie the limit in telling of his catch on each fishing excursion, but is considered high treason and poor sportsmanship to lie beyond the limit for serious consequences may result. We were privileged to scan the license issued to a

member and found it made out in due form and properly signed by Joe Fullerton, "Chief Liar" and R. R. Robinson, "Scribe." It will no doubt be a formidable rival to the now famous Ananias Club.

Mr. and Mrs. Lemuel Bilger are in Meriden, Connecticut, spending a fortnight with their daughter.

Mrs. Elizabeth B. Carlyle is visiting her daughter Mrs. C. D. Koch of Harrisburg.

Miss Grace McClure, of Clearfield, was calling on friends in town on Monday evening.

Mrs. Minnie Bloom and Mrs. Thos. G. McCausland, of Phillipsburg, were Curwensville visitors yesterday.

Mr. and Mrs. Oscar Bloom, of Grampan, were shopping in town on Tuesday.

Mrs. Andrew Anderson spent part of Tuesday in Clearfield.

H. Denbert and H. Brett, of Altoona, were the guests of Messrs. Leonard and Hymen Kantar, on Tuesday.

Edward Dewitt with the Jackman Fur Co., of New York, was calling on Curwensville patrons yesterday.

Mrs. Cal Price was a Clearfield visitor yesterday.

Mr. and Mrs. Isaac Robinson, of Altoona, spent Tuesday with their nephew, R. R. Robinson.

Jos Smith, of Altoona, was a Curwensville visitor yesterday.

Mrs. Bivels of Grampan, shopped in town on Tuesday.

L. Shapiro and daughter, Margaret, of Clearfield, were calling on friends here yesterday.

Curwensville witnessed a miniature forest fire when the hill opposite town, across Anderson Creek, was found to be on fire about eleven-thirty yesterday. An effort was made to conquer the blaze but the high wind made it impossible to cope with

the flames and the entire face of the hill was soon burned over. The dry undergrowth fell easy prey to the devouring flames but no buildings were burned and the fire had covered the entire area and burned itself out in a couple of hours. We were unable to ascertain the loss or the cause of the conflagration.

Mr. and Mrs. Jas. Sleeman, of Alexandria visited with Mr. and Mrs. George Fleming of State Street over the week end.

Mr. and Mrs. Hugh McKenrick, of Clearfield, spent Sunday with the former's parents, Mr. and Mrs. S. J. McKenrick.

GRAMPIAN

Everyone in town is down at the station to see the horses, a car with twenty arrived today.

Raymond Bachelor wants everybody to know that when he goes fishing, that it is nobody's business, how many fish he catches or how he brings them home.

Mike Meyer says he don't know how it feels to be held up with a gun, but he can give you a few pointers on the feeling of a butcher knife.

Bachelors are going to put bumpers on their garage as some of the boys are trying to enter thru the window.

Harry McKeown is a very busy man these days as he has the contract of repairing the helix on the Catholic church, the lumber being purchased from McCracken and Rowels.

Russ Wertz and his big brother Harry are raising their front porch and making a new walk. More power to you Russ.

These are the regular Gillette Razors and are advertised at this price simply because we bought them fortunately.

W. W. O'Brien

Work has been at a stand still on the defour ever since Jim Gaulf looked it over.

Jack Koch is drinking a cup of blood every morning. I suppose Jack is getting in trim for when he gets that long looked for bonus.

G. MORRIS KNARR PASSES AWAY

G. Morris Knarr, a valued employee of the Clearfield Postoffice for the past couple of years, and a very well known and highly respected resident of Clearfield almost his entire lifetime passed away at his home on Clearfield Street at 5 o'clock this morning after an illness of several months duration. Death was due to tuberculosis.

The deceased who was 37 years of age was the son of Reuben Knarr and spent almost his entire life in Clearfield. He was an honest, upright and industrious man and enjoyed the respect and esteem of all who knew him. He was a member of the Lutheran church and an earnest christian, taking a deep interest in the work of his church.

He is survived by his father and one daughter, his wife having preceded him to that better world three or four years ago.

The funeral will be held from his late home Friday afternoon at 2 o'clock. Interment in Hillcrest cemetery.

PINCHOT INVADES ENEMIES COUNTRY

Harrisburg, Pa., May 3.—Gifford Pinchot arrived here today intent on storming one of the most important strongholds of the machine in the

state. Dauphin County strengthened by 1500 Capitol employees is the only county that the Alter forces claim beyond a doubt. Today Pinchot held seven meetings in the smaller towns in the county an tonight will speak at a meeting in Harrisburg.

SANDY RIDGE BOY SERIOUSLY BURNED

Archie Lucas, 12 years old, son of Fred Lucas of Sandy Ridge, was terribly burned by exploding carbide early this afternoon.

The boy was pouring water into a bottle in which there was carbide. The carbide exploded, breaking the bottle and throwing the burning liquid into the boy's face.

The injured lad was taken to the Cottage State hospital.

Word from the hospital states both eyes were badly injured with the sight of the right eye probably destroyed.

ODDS AND ENDS AND THINGS

By J. D. C.

The following reference to Reed H. Logan, son of Mrs. H. B. Logan, of Walnut street, and a former well known resident here who met with the accident which so seriously crippled him for life at his father's saw mill at Logan's dam on the river just below Susquehanna Bridge, was taken from the Waterloo, Iowa, Courier and Reporter:

Handicapped by the loss of his arms since he was nine years old has not dampened the enjoyment of life for R. H. Logan, proprietor of Ellis hotel, and as may be judged from the above photograph he takes his pleasures of the open with the best of 'em.

With his left arm shorn off at the shoulder and the other a few inches below the elbow while playing in his father's sawmill, Mr. Logan has not allowed this to interfere with his ambitions and business accomplishments. At the age of 12 he began making his own way selling novelties from door to door, gradually advancing from year to year until he owned small restaurants, then larger ones and finally graduating into the owner of one of Waterloo's largest hotels.

Mr. Logan is so far from being helpless that to all intents and purposes he is able to do with what remains of one arm all that a normal man might do with two. With an ingenious hook arrangement attached to his right elbow he handles the telephone receiver, his table silver, and what is more, is able to write with pen or pencil better than the average business man.

Approx. of the photograph, Mr. Logan declared that until last summer he never believed he could enjoy the exhilaration of driving a motor car. "I laughed when a salesman suggested that I might be able to drive." But the salesman persisted and the result is seen in the Cadillac victoria above. "I don't say I can drive all cars, but with the addition of a stirrup for controlling the gear shift lever with my foot, this car might have been built by the manufacturers with me in mind."

Leaving Mansfield, O., where he disposed of his business last summer, with his wife for a 3,000-mile tour of the middle west, Mr. Logan wound up the armless driving trip without the slightest untoward incident, nor has he had any since in heavy city traffic. He took control of the Ellis hotel last September, and bears the distinction of being the only "genial host" in America who cannot extend a hand of greeting to his guests but he does it with his smile.

Accidents at coal mines in the United States killed 187 men in March of this year, according to the United States Bureau of Mines. An increase of 36 per cent is indicated over the figures for March 1921 when 137 coal mine fatalities were reported. The fatality rate, based upon an estimated production of 58,950,000 tons, was 3.17 per million tons mined as against 3.02 for March last year when the output was 37,799,000 tons. The increase of 56 per cent in the tonnage for March, 1922, was obviously due to consumers' efforts to

crease their stocks of coal against the strike scheduled for the first of April.

Statistics prepared by the Bureau of Mines during the past 9 years (1913-1921) show that the month of March has averaged 201 coal mines fatalities with an average production of 48,039,000 tons indicating a fatality rate of 4.18 per million tons mined. The rate for March 1922, therefore, represents a decreased fatality mark of nearly 25 per cent.

POPULAR LOCAL GIRL MARRIED

A pretty wedding was solemnized at the West Side M. E. parsonage Saturday afternoon, by the Rev. Armstrong when Miss Effie Hilton, daughter of Mrs. Lydia Hilton, of Crozier Ave., became the wife of Clifford Merrifield, son of Mr. and Mrs. M. A. Merrifield of Pittsburgh. The bride who was attended by her mother, wore a blue and taupe charmeuse gown beautifully designed. The groom was attended by his aunt and uncle. After the marriage ceremony, the bridal party repaired to the bride's home where a sumptuous wedding dinner was served to relatives and close friends. The happy

When Your Little Child

cries at night, tosses restlessly and mutters in its sleep, is constipated, fretful and feverish, or has symptoms of worms, you feel worried and have your night's rest disturbed by the little one's crying, or perhaps because of your own anxiety.

Many thousands of mothers rely at such times upon a tried and trusted remedy always kept in the house.

**Mother Gray's Sweet
Powders for Children,**

Used by mothers for over 30 years. These powders cleanse the stomach, act on the Liver and give beautiful sleep by regulating the child's system. Easy to give and pleasant for the child to take. Happy mothers in every community are using them with splendid results. Mother, if your child has the symptoms here described you should try these powders. Sold by druggists everywhere. Trade Mark. Don't accept any substitute.

Be sure you ask for, and obtain, **Mother Gray's Sweet Powders FOR CHILDREN.**

FIX THAT SPOUTING EARLY

From every indication there is going to be a rush of spouting work as soon as the weather settles. Building is going on apace—this will require spouting.

If the spouting on your home or any other building you control needs to be repaired, have it done now before the rush comes.

We will gladly send a man to confer with you and give you estimates as to how much it is going to cost you.

You may rely on a perfect job at very reasonable prices.

WAR, THE DECEIVER

The conference at Geneva does not promise great things. Perhaps when it is over the best that will be said of it will be that it made beginnings. It brought together representatives of nations that have not met around a council table for many years. There is at least something gained in that.

The problems discussed are momentous, but the spirit manifested has not been good. There is too much of craft and cunning; too much of bitterness and selfishness; too little willingness to make concessions; too many survivals of the evil genius of the old diplomacy which reckons in cliques and combinations, and both fears and trusts balances of power. There is little to be hoped from such muddling.

A chastened Europe might have been expected at least to have gained a little common sense from the experience of the last eight years. And yet such is the futility of war that it even seems to deprive its victims of the power to profit by its chastisements.

The most ordinary common sense exercised by any impartial observer would give advice something like this: "You peoples of Europe, struggling to recover from the terrible scourge of war, need more than anything else to co-operate with one another. Seeking prosperity separately and at the expense of each other not one of you will find it. But co-operating with your remaining resources you may restore all. You need trade with each other. You need each other's products and each other's services. You have in the combined holdings of all, all that you need. Individually you must remain in poverty and want."

But there is not in all the world a voice to speak these simplest words of wisdom, and were the advice given, it would not be received in seriousness by anyone in authority in Europe.

Such potency has war to deprive mankind of reason.

DON'T FAIL TO SWAT

The efforts of the human race against pests might be more effective if we did not so complacently take for granted that such bugs and insects come into being full grown and active and have their origin in nothing more than nature's desire to play havoc with the works of man.

The best way to deal with these pests is, of course, to carry the war into the enemy's country. For although these, our enemies, get around pretty well after they are full grown and on the wing, there is a time in their brief existence when they are confined to restricted areas. Mosquitos lay eggs on the surface of the water. The more out of the way and inaccessible such water is to man the more likely the mosquito is to use it as a breeding place. A tin can in the back yard with a half inch of water in it will supply a whole community with enough mosquitos to keep the entire population busy chasing them when they are once grown up.

Flies breed in filth and garbage. Such breeding places are as congenial and attractive to them as is a soft nest to a setting hen. By unerring instinct they are drawn to them, and once they have found them, the result is swarms of flies in the months that follow. It is nature's inexorable law that where there are filth and garbage in the spring, there will be flies in the summer.

The best way to forestall this effect is to make man's law that there shall be no exposed filth and garbage as inexorable as nature's law. By a careful cleaning up of such places we can rid ourselves of both mosquitos and flies. To make this result the more inevitable it is best to begin action against these pests before they are hatched to remove every possible opportunity for breeding on their part. In proportion as we take seriously our health commissioner's suggestion to dedicate the month of May to such house cleaning, we shall have gratifying returns from our efforts in the months to come.

ALTER GROWING STRONGER DAILY

Real Republicans Aroused to Perils of Pinchotism.

EXPOSED AS SALARY GRABBER

Forester Circumvented Constitution by Resigning One Day and Receiving Reappointment Next Day in Order to Secure \$3000 Additional Pay. Frequently Renounced Republican Party.

Philadelphia, May 2.—Republicans of Pennsylvania are enthusiastically rallying to the support of the candidacy of Attorney General Alter for the Republican nomination for Governor, and it looks now as if Gifford Pinchot and the anti-Republican element of party wreckers who are endeavoring to place the unstable and demagogic forester in the executive chair at Harrisburg, are doomed to disappointment.

While he occupied the center of the stage, Mr. Pinchot, whose residence as a Pennsylvanian has never been firmly established, had a very attentive audience and was in a position to throw all kinds of brick-bats at genuine Republicans, without much danger of a comeback. But now the tides have changed.

Real Republicans have awakened to the peril of Pinchotism and the grave danger that would beset Pennsylvania if a radical of the Gifford Pinchot type would by any accident capture the Governorship. As a result they are aroused to a fighting point and the Pinchot candidacy is daily growing weaker. In other words, he reached his peak about ten days ago and every effort he and his advocates have put forth has ultimately failed to save the Alter tide which is sure to drive the former State Forester to the wilderness.

Favor Legitimate Republican.
The interior counties of the State now report a growing sentiment for Alter and a corresponding weakness in the Pinchot forces. The upstanding and high character of the regular Republican candidate for the Republican nomination for Governor appeal strongly to the voters of the interior, and they show a disposition to have nothing to do with a man of the Pinchot type when they have a legitimate Republican like Attorney General George E. Alter to favor at the primary election on May 16.

The recent exposure of Pinchot's grab of \$3000 extra salary while serving as State Forester has disgusted a lot of Pinchot's followers, who are now openly for Alter. At the last session of the Legislature the salary of the State Forester was increased from \$50,000 to \$53,000. The Constitution forbids a state official receiving an increase in salary while he is in office. Pinchot decided to circumvent this clause of the Constitution by resigning his office and then receiving a reappointment in order to grab the extra salary.

Ever since the Constitution of 1874, different officials, state, city and borough, have endeavored to have their salary increased while they held their respective positions, but invariably they failed, as the higher courts have been very rigid in upholding the Constitution in such matters. Pinchot, however, took the chance by resigning and being reappointed and thereby succeeded in getting \$3000 more than he would have otherwise gotten.

Rich Man's Grab.
Philadelphia newspapers which are reporting Pinchot are amazed at this revelation, and it is noticed that their enthusiasm for him is not quite as strong now as it was before he was shown up in his true colors.

If Mr. Pinchot were a poor man, it is pointed out, there might be a slight justification for his unusual action in this salary increase transaction, but as it is generally known he is a man reputed to be worth ten or twelve millions of dollars, and there was no excuse for his avariciousness and undemocratic official conduct and violation of the Constitution, regardless of what defense he may offer, and up to the present nothing he has practically made no defense.

A correspondent of the Philadelphia Record went so far one day last week as to say that the Pinchot business of resigning a \$5000 job and accepting an immediate reappointment to the same job at \$53,000 to get around the Constitution of prohibition of an increase of salary while in office, shows the man's real character, and the question is asked "Was this deal honest, was it decent and upright?"

Declared Republican Party Dead.
It has also been discovered that since 1912 Mr. Pinchot has on two occasions virtually renounced the Republican Party. At a meeting in Pottstown in November, 1912, he made the following statement:

"This (Progressive) Party is no temporary party; four years from now there will be but two parties in the field; one will be the Progressive Party, the other will be the Democratic Party. The Republican Party will be dead."

This fanatical and foolish statement was not made impulsively, because two years later in a speech at Huron, South Dakota, Gifford Pinchot spoke as follows:

"The Republican Party is a thing of the past. Disloyalty to its traditions and its record, split into factions, contentious, unhappy, weak, it is seeking feverishly for help it cannot find. Its last days are upon it. I am through with the Republican Party for good and all."

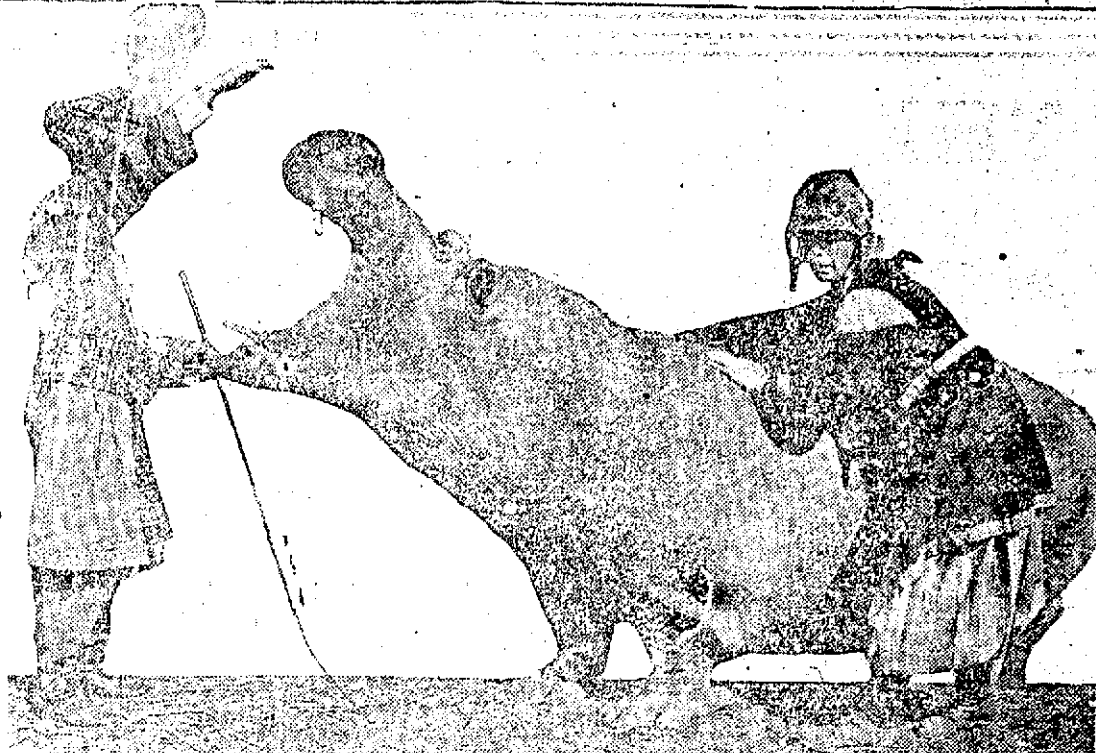

In view of these two declarations by Mr. Pinchot against the Republican Party and its very existence, it is doubtful if he will receive the support of any thinking Republican. The wonder is that he has had the nerve to announce himself for a Republican nomination. Most Republicans feel that if he wanted to be Governor he should have tried to win the goal by some other route than asking to become the party standard bearer of the big party of the nation—which he has spent the greater part of his official life in trying to disrupt and destroy.

Mrs. John E. Turner left this morning for Rochester, N. Y. to join her husband.

Hagenbeck-Wallace Big Circus Will Show On The Weaver Lots Tomorrow

Pres., critics, who have seen the Hagenbeck-Wallace circus, which is to appear in Clearfield tomorrow for two performances have said that one very pleasing feature of it is the general arrangement, which enables the visitor to see the whole show. If this is true, and there seems no reason to doubt it, one of the chief objections to the modern circus has been overcome. It will do away with a complaint so often heard "there was so much going on all the time that I didn't get a chance to see it." Thus the Hagenbeck-Wallace management has not only achieved the reputation of being the best show of its kind ever produced, but has added to its greatness by placing it within the range of two ordinary eyes.

In this connection it might be well to mention other facts. There are never any "tired backs" at the Hagenbeck-Wallace circus. Another innovation. From time immemorial circus goers have found themselves fatigued by the unnatural position in which they were compelled to sit during the show. This condition has been en-

The only trained Hippopotamus in the world. This pet is with the HAGENBECK-WALLACE CIRCUS, which comes to Clearfield, Thursday, May 4th.

tirely eliminated by the Hagenbeck-Wallace management by use of their patented seats, in use in this show, a show of the magnitude of the Hagenbeck-Wallace circus and the attending comfort for patrons is some for everybody. For a combination of thing which will appeal to all.

"GO" ATLANTIC knows that word!

"Go" in gasoline demands not only volatility, but stability—not only the quality for action, but the quality for power as well—not only the capacity to ignite quickly, but also the stamina to "follow through" on each drive of the piston.

Atlantic is that kind of a gasoline. It is full of snap and quickness, but it is also full of vigor and punch. It is a balanced gasoline—a scientific combination of the lighter or more volatile elements needed for easy starting and sure combustion, and the heavier calorific fractions required for high expansive force.

Atlantic needs no coaxing when starting the motor. It needs no urging at the getaway. It asks no frequent gear-shifting help on the hills. And speed! "Hit sixty" or more, if you like, and the peppery "zing" will tell you that Atlantic can keep up with the fastest running motor ever built!

All of which proves that Atlantic is not simply "good" gasoline, but RIGHT gasoline. It has range. It functions perfectly at every speed and temperature and under every load. It isn't wasted under one operating condition and power-skipped under another. Atlantic is correct for present-day motors. And it is always correct—consistently uniform, no matter where or when you buy it.

"There's an Atlantic Pump on the road you are traveling"

ATLANTIC GASOLINE

Puts Pep in Your Motor

THE ROVER

By George Randolph Chester

HURDY GURDY FINANCE

"I certainly would need backing, Ames told him. 'I never experiment with my own money. However, I don't see any place in this proposition even for your funds. The park alone would not yield frenzied finance profits.'"

"If you think of a brilliant scheme, tell me," joked Houston, and, thinking Ames more formally for his opportune services of the afternoon, went away.

Ames strolled into the lobby and lit a cigarette, looking out with unseeing eyes on the jostling passersby. Before him he saw two round, blue spots. Poor kiddy! She couldn't have her playground!

Suddenly Ames grinned and returned quickly to the bar.

"Do you know where I'd be likely to find Mr. Houston at this hour?" he inquired of "Tom."

"Try the Valley City club," advised Tom, with a look at the clock. "I think this is his stud-poker night."

Ames 'phoned the Valley City club and located Houston.

"This is the amusement park promoter," he stated, by way of identification.

"Oh," returned Houston. "No wonder I couldn't place the name of Ames, when the boy brought me the card."

"I've found a way to make a decent Wilks park profitable."

There was a moment of silence.

"Say, suppose you step over to the club," invited Houston.

Chapter III.

"Alright, John, get busy," reported Peter G. Houston, two weeks later. "I've cleaned up my share of the work."

Thereupon John Ames went out to see the proprietor of Wilks park. He found that gentleman nursing an eye the color of an egg plant.

"Hello, sport," greeted Wilks, placing Ames, after a fractional thought, "You see that Mud Creek gang got me."

"They that live by the fist shall die by the fist," grinned Ames. "How's business, Mr. Wilks?"

"Porter," thank you," responded Wilks, in deep discouragement. "Saturday night's a riot and the rest of the week's a funeral."

"Let's make a big business out of it," suggested Ames cordially.

"The same dope you handed out before," laughed Wilks. "You know what I told you that time."

"I came out to talk definite business with you," said Ames, leading the way to the idle merry-go-round, and sitting in a scarlet chariot. "If I guarantee to increase your receipts, will you give me one-fourth of the net increase, for the next two years?"

"Would I take a twenty-dollar gold piece?" and the Wilks' head bobbed.

YOUR KODAK AND CIRCUS DAY

That's a great combination for the kodak enthusiast. There are opportunities galore for the "snapper" to get some real pictures.

And the joy of "you should have seen this on circus day" or "this was a funny thing" or anything else that meets your fancy will be doubly valuable if you have a pictorial history of it for the years to come.

We have all the popular size Eastman Kodaks and everything else that goes with the making of good pictures. Look over the window and see the great array.

Kurtz Stationery Store

process which made a tremendous difference in his face. "What kind of a guarantee are you talking about?"

"United States money," Ames quickly stated.

Joe Wilks, whose face was separated in two broad parts when he smiled, now performed that operation.

"Lead me to it," he directed.

"Of course there's a string to it," Ames continued. "You'll be given ten thousand dollars for improvements."

on a loan of easy terms, and you will conduct the place as I say. If, at the end of next season, you haven't more than doubled your business, you may cancel your loan."

"Where do I get the money?" he wanted to know, with a lingering trace of suspicion.

"Peter G. Houston," said Ames.

Joe Wilks climbed out of the scarlet chariot immediately.

"What's the first thing we do?" he inquired.

"Close down the plant," grinned Ames.

"Hey, you, BU!" roared the vigorous voice of Joe Wilks. "Turn every sucker out, and lock the gates."

Chapter IV.

Looking up from the plang for a new roller coaster, Ames beheld two blue spots before his eyes.

"Good morning, Mr. Ames," sang the flute-like little voice of Maizie Houston.

"My daughter, Maizie, Mr. Ames," explained Peter G. Houston, with a laugh. "I hope she won't be in the road."

"If she is, we'll move the road," promised Joe, cutting his face in two. This was the first time he had seen Maizie since she had left the park forever.

Battle of Typewriters

(Continued from Page One)

substantial part, perhaps 35%, of the labor cost of a ton of coal. It is ridiculously untrue that the wages paid day labor form 35%, or any part whatever, of the earnings of the tonnage men. Yet that is what Mr. Shillingford's statement very dishonestly suggests.

The misunderstanding was quickly cleared up and in no way concerned the facts in our tabulation of average earnings submitted to Mr. Nolan. But the operators have the effrontery to take this as disparaging the accuracy of our tabulation. The Congressional Committee has accepted our figures because they were impossible of attack.

and Mr. O'Neill, for the operators, who was present at the hearing, did not venture to question the figures.

We made it plain that our statistics covered the tonnage men completely and left the day men's averages to estimates. We are anxious to get sound averages for the day men too, but those averages of course, will not change the soundness of our figures for the tonnage men.

It is unquestionable that the average for the tonnage men in 1921 was \$760,000. What we want the Government to establish by going through the operators' books is what have been the operators' profits. If the operators are so sure they made only reasonable profits why did they get out an injunction preventing the Federal Trade Commission from finding their costs; why do they still oppose any Government investigation?

Miss Myrtle McFarland went yesterday to Johnstown as a delegate to the Sunday School Convention held there this week.

CHARTER NOTICE

Notice is hereby given that an application will be made to the Governor of the State of Pennsylvania on the 29th day of May, 1922, by Edwards Motor Transit Company, under the provisions of the "Corporation Amendment Act of 1887" P. L. page 122; for the improvement, amendment or alteration of its charter, the character and object of which improvement, amendment or alteration is as follows:

Section 2nd of said original charter to be amended so as to read as follows:

2nd. Said corporation is formed for the purpose of owning and operating motor vehicles and similar conveyances for the transportation as a common carrier of persons therein for hire in the County of Clearfield, and particularly between the following places, viz: Clearfield, Curwensville, Grampian and the City of DuBois, and in said operation passing over the public streets of Clearfield Borough, public roads of Lawrence Township and Pike Township, public streets of Curwensville Borough, public roads of Pike Township and Penn Township, public streets of Grampian Borough, public roads of Penn Township, Bloom Township and Brady Township, passing through the village of Luthersburg, public roads of Sandy Town, and the public streets of the City of DuBois; also the operation of a line of motor vehicles between the City of DuBois, Pa., and the B. & S. Coal and Coke Company shaft No. 2, in Sandy Township, in Clearfield County, Pennsylvania, upon the following route: starting at the corner of Long Avenue and Franklin Street, in the City of DuBois, thence westerly along Long Avenue to Main Street, thence southerly along South Main Street to Dixon Avenue in Sandy Township, thence easterly along Dixon Avenue to South Steady St., thence southerly along South Steady Street to the Township road leading to the B. & S. Coal and Coke shaft No. 2, thence easterly along said Township road to said B. & S. Coal and Coke Company Shaft No. 2; also the operation of a line of motor vehicles between the City of DuBois and the B. & S. Coal and Coke Company shaft No. 1, in Sandy Township, Clearfield County, Pennsylvania, upon the following route: starting at the corner of Dixon Avenue and South Brady Street, near the Southern boundary line of the City of DuBois, thence southerly along South Brady Street and North Brady Street to Park Avenue in the City of DuBois, thence easterly along Park Avenue to Maple Avenue, thence southerly along Maple Avenue to Township road in Sandy Township, Clearfield County, leading to the B. & S. Coal and Coke shaft No. 1, thence southerly along said Township road to said B. & S. Coal and Coke Company shaft No. 1; also the operation of a line of motor vehicles between the City of Clearfield, operating said line over the streets of the Borough of Curwensville, the public roads of Pike Township, the public roads and public streets in the Borough of Lawrence City, and the carriers of passengers and freight for hire by said motor vehicles, and between such other routes or routes as shall hereafter be approved by the Public Service Commission of the Commonwealth of Pennsylvania as evidenced by its certificate or certificates of Public Convenience.

And for this purpose to have and possess and enjoy all the rights, benefits and privileges of the said Act of Assembly and its supplements.

Have You a Cough or Bronchitis?
This May Be of Vital Importance to You.

New Cough Cure—Some years ago I had a chronic cough and asthma which developed into a serious condition. I was unable to do any work and my health was rapidly failing. I had tried many remedies but nothing seemed to help. I then saw an advertisement for a new cough cure and decided to try it. I bought a bottle and used it according to the directions. In a few days my cough disappeared and my asthma was greatly relieved. I am now able to do my work and feel much better. I highly recommend this cure to all who suffer from cough or bronchitis.

You begin to cough when you start with "Disinfectant" in your air. Your neighborhood does not have a better one. Get it now. It is the only one that will keep you healthy. It is the only one that will keep your home clean. It is the only one that will keep your family healthy. It is the only one that will keep your business healthy. It is the only one that will keep your life healthy. It is the only one that will keep your soul healthy. It is the only one that will keep your spirit healthy. It is the only one that will keep your heart healthy. It is the only one that will keep your mind healthy. It is the only one that will keep your body healthy. EIGHT FAMOUS VICTOR

ARTISTS

Those of us who care for music and melody will be delighted to know of the success of Earl E. Smith and the Clearfield Musical Club, local Victor dealer, in arranging a concert and entertainment by the Eight Famous Victor Artists, which will take place at the Driggs Theatre on Tuesday, May 9th.

The artists to appear are Henry Burr, tenor, Billy Murray, tenor-comedian, Albert Campbell, tenor, John Meyer, baritone, Frank Croxson, bass, Monroe Silver, monologist, Fred Van Epps, banjoist, Frank Banta, pianist and accompanist, the Sterling Trio and The Peerless Quartette, famous ensembles.

Perhaps there is nothing new under the sun, but here is something that seems to call that saying into question.

Eight men have achieved fame and incidentally fortune, by sending their gift of song music and fun to every corner of this tired old world by means of their Victor Records.

Then came the brilliant idea to gather these eight together, arrange vacations from their recording activities, and bring them actually face to face in person with their host of

admirers. This task, by no means an easy one, has been accomplished, and it indeed, will be a gala occasion when they step forth, in the flesh at the Driggs Theatre.

MORE STATE ROAD CONTRACTS GIVEN

Harrisburg, Pa., May 2.—Contracts for two sections of state highway to be improved at expense of Clearfield county authorities were awarded today to Thomas J. Strickler, Huntingdon, for 4,085 feet in Conantport, at \$27,818.00, and Johnson & Kearns of DuBois, for 16,074 feet in Bradford Township, at \$118,848.54.

These awards completed the program for county roads in Clearfield County and finds no less than eight different road building jobs under way, throughout the county.

Nothing has been done thus far on the Curwensville-Grampian road for which improvement bids were opened April 19th. This being a "primary" road is purely a State proposition and it is thought the contract will be awarded this week.

Harry Shaffer of Grampian motored to Clearfield on Tuesday to spend the day with friends in town.

SALVATION ARMY DRIVE DOING WELL

The Solicitors for the Salvation Army Budget Fund who have been canvassing the town the past three days are meeting with splendid success. Clearfield people generally are appreciating the good work of the Army at all times, are coming across handsomely for the fund.

The solicitors will be at work all week and expect to see everybody before the campaign closes. Do not fail to do your part toward this worthy institution as you can rest assured that every dollar contributed will be used for the purpose for which it is intended and for the lightening of the burden of the poor, unfortunate and needy whom we have always with us.

CLERK-CARRIER EXAMINATION

There will be a civil service examination for Clerk-Carrier held at the Clearfield Postoffice on Saturday, May 20th. Application for this examination must be made on the prescribed forms which may be secured from Greis Galich at the Postoffice.

GREENWICH VILLAGE HARD TO SAY EASY TO SEE

Clearfield will doubtless be charmed with the artistic management of the "Greenwich Village Follies" which will appear at the Driggs Theatre but it is doubtful if they will ever be able to pronounce it if heard, as it is pronounced in New York and points east of the Hudson. We leave it on the word of the press agent that "Greenwich" is pronounced thus: the "green" is pronounced like the "green" in greenade, and the "wich" like "itch" with the "i" silent. The "public" is much easier to look at than it is to pronounce.

WEDDING ANNOUNCED

Mr. and Mrs. A. L. Forey, of Bigler, announce the marriage of their daughter Olive to Mr. Chas. E. Moore of Chicago, Ill.

Miss Susan Porter of Charleston, W. Va., sailed Tuesday, April 24th, on the Manhattan for Europe, where she will spend the summer.

OPPORTUNITY TO MEET EMINENT PHILA. PHYSICIAN

Clearfield people will soon be given the opportunity to listen to an address by one of Pennsylvania's foremost medical men, as President H. B. Powell of the Clearfield Hospital, has finally been able to induce Dr. Floyd W. Tompkins, the eminent Philadelphia physician, to come to Clearfield.

Dr. Tompkins has been secured to address the graduating class of the Clearfield Hospital's School for Nurses on the occasion of the commencement exercises of the School which will be held in the Clearfield High School auditorium on Thursday evening, May 18th.

Dr. Tompkins is making quite a

sacrifice to come to Clearfield and it is expected that a large audience will greet him on this occasion.

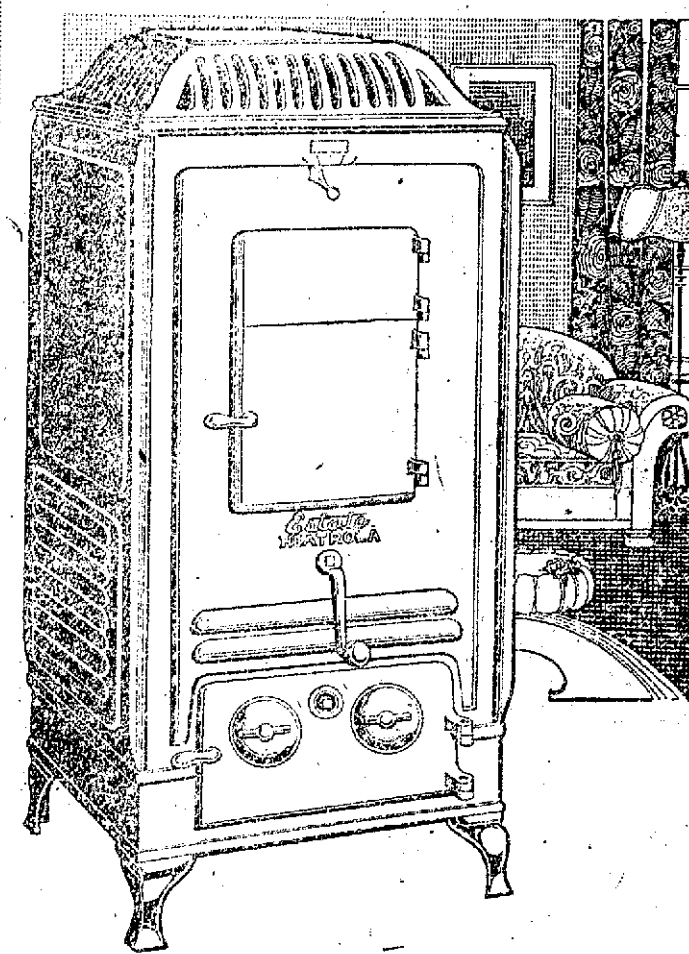

SUIT IS ENTERED

A. M. Liveright, Esq., entered suit in Prothonotary Ralston's office this

morning on behalf of the Weber Chimney Company, of Chicago, against Claude A. Johnson, of Winburne, in an effort to recover \$2221.79 said to be due on a judgement obtained in an Illinois Court.

Four Aliens Land In Law's Clutches On Black Hand Game

Washington, D. C., May 3.—Charged with attempting to extort \$25,000 from C. A. Dorsey, a wealthy farmer of Centerville Borough, four Italians employed by the State Highway Department were lodged in the County Jail here to-day. The four were alleged to have confessed to District Attorney Hughes that they left the letter demanding the money in an orchard belonging to Dorsey.

AUTO PLUNGES INTO CHEAT RIVER; TWO MEN ARE DROWNED

Uniontown, Pa., May 3.—Two men were drowned and three others narrowly escaped death when an automobile in which they were riding plunged into the Cheat River. The car got beyond control and dashed down a steep hill. The dead are H. L. Williams, a druggist, and Charles Hughes, mail carrier, both of Fairchance, Pa.

THE WOMAN OF POISE,
Once a rarity is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly on sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?

Today's News today—Progress.

Get A Radio In Your Home

The whole family from baby to dad can enjoy the radio. No records to buy, no needles to change, no crank to wind. The original cost of the machine is the last payment you make. Then the radio begins to pay for itself.

Concerts, operas, lectures; in fact, all kinds of entertainments are transmitted over the radio that would otherwise cost you many dollars to hear.

The radio is the greatest achievement in years. Let us demonstrate to you how easy one can be installed in your home.

\$100,000 FIRE AT MARIENVILLE, PA.

Kane, Pa., May 3.—Half the town of Marienville, near here, was in ruins today following a fire which last night and early this morning destroyed two large stores, six dwellings, a newspaper office, a bank and a motion picture theatre. The loss will reach \$100,000, it was estimated. Chief John Valentour, of the Kane Fire Department, and four Kane business men were seriously injured when an automobile in which they were rushing to the fire was overturned.

CHINESE ARMIES BATTLING HARD

Tien Tsin, China, May 3.—Reports of large sized operations in the battle between the forces of Wu Pei Fu and Chang Tso Lin continue to reach here. The former general after a severe set-back on Monday has resumed the initiative. A battle near San Mechang is imminent. The Manchurian invaders were being driven toward Peking.

Why the \$10.90 USCO is better than just a \$10.00 tire

On November 10, 1921, the 30 x 3 1/2 "USCO" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "USCO" still occupies a place by itself. A good old

standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.

Looks Like New By Small Margin In Indiana

SENATOR NEW AND EX-SENATOR ALBERT J. BEVERIDGE IN NECK AND NECK RACE FOR SENATORIAL NOMINATION AT PRIMARIES

Latest Figures Give New Margin Of 2,000 Votes With Less Than Half Total Number Of Precincts Reported—Managers Of Both Candidates Claim Their Favorite Has Won.

RESULT IS BOUND TO BE VERY CLOSE

Indianapolis, Indiana, May 3.—Figures compiled at New headquarters at this hour (1:30 P. M.) received from 1999 precincts, give the following vote: New, 102,346; Beveridge, 100,139.

Indianapolis, Indiana, May 3.—Harry S. New slipped into the lead by a neck today in the tabulation of votes in his race with Albert J. Beveridge for the Republican nomination for United States Senator from Indiana. After the pendulum had swung back and forth several times in as many hours the count in 1244 precincts out of 3382 gave New a lead of 1172. Senator New seeks re-election on the record of President Harding's administration.

Indianapolis, Indiana, May 4.—Albert J. Beveridge, Progressive Republican, piled up a steadily increasing lead today in his battle to supplant Harry S. New in the United States Senate. Returns from the primary tabulated today at noon showed that in 1424 precincts out of 3382 in the State, Beveridge was leading by 8,589. The vote stood: Beveridge, 81,500, New 72,911. At that time Fred I. King, manager for New, declared that the Senator, a close friend and staunch supporter of President Harding, who sought the nomination on the record of the Harding administration, would win by 5,000.

Washington, D. C., May 4.—Many of the precincts yet to report are from sections where Beveridge should be stronger than New. Senator Jim Watson, New's colleague, was surrounded by an eager group the minute he appeared in the Senate. Watson had no later information than was conveyed in the United Press despatches. New, he said, continued confident that the count would show him the victor. If New loses his defeat will be considered a direct slap at the Harding administration. This is more the case with regard to New than any other Senator, both because of his close personal friendship to President Harding and because of their political similarity. New is first and last a party organization man.

At Senator New's office a telegram received shortly before noon, Washington time, gave the following figures: In 1508 precincts out of 3374: New, 75,277; Beveridge 72,483. New's office here said his renomination by 6,000 to 10,000 was expected. The figures given included 63 precincts in which Indianapolis is located.

Washington, D. C., May 4.—Partial returns of the Indiana Senatorial Primary created a near panic in the Republican Senatorial ranks today. Senators were amazed and incredulous over the news that returns from half the state showed Beveridge more than 5,000 in the lead over Senator Harry S. New.

KLAN MUST DEFEND \$200,000 LIBEL SUIT

Fort Worth, Texas, May 3.—Suit for \$200,000 alleging libel was filed in Federal Court here today against the Ku Klux Klan by A. W. Sasse,

of New Orleans and formerly of Fort Worth. The complaint alleged that after he became a member of the organization Klan officials tried to force him to discharge an employee. He refused and charges that the defendant immediately conspired and confederated to ruin the plaintiff.

Battle of Typewriters Rattles On With Miners Having Last Word

Statement issued by John Brophy, President District No. 2 U. M. W. of A.

My attention has just been directed to the letter sent out by officers of the Central Coal Association as published last week.

We have heard before of Mr. Shillingsford's "investigation" of earnings of miners, giving the very accurate looking average of \$1,319.42. When we published the Union's records showing the actual average earnings to be \$760.00 for miners in 1921, we also gave the public the detailed explanation of how the records were compiled. We have invited the United States Department of Labor to send in its own accountants to re-tabulate our figures. But the Coal Operators' figures, as usual, contain not one word of how their estimates were compiled, not one intimation of what kinds of miners are included, what costs are lumped together to arrive at such averages.

We have this proposition for the Central Coal Association: We will

welcome their statisticians at district headquarters to check up our records if they will permit the Union's auditors to examine the books of their operator members and publish the records of their labor costs and profits for recent years. And will the operators explain what happened to the prices of a car-load of coal between the mine and the consumer?

Next the operators' statement cites an excerpt from the record of the hearing accorded the officers of District No. 2 by the Congressional Investigation Committee. This excerpt shows how Chairman Nolan of the Committee misunderstood part of my statement to him, and how, in turn, misunderstood a question he asked me. Chairman Nolan's question which I misunderstood dealt with the total labor cost of a ton of coal. My interest was in the earnings of the teenage miners. It is quite true that the cost of day labor makes up a

(Continued on Page Five)

They Call Ex-Kaiser "Dad" and "Grandpa"

A new picture of the daughter of the former German emperor and her family. She is the wife of the Duke of Brunswick and Lüneburg, German nobleman.

THREE CHILDREN LOSE LIVES IN FIRE

Ridgway, May 2.—Three small children of Mr. and Mrs. Arthur Smith of Keating Summit, about ten miles north of Emporium, perished in a fire which destroyed their residence at an early hour yesterday morning. The origin of the fire is thought to have been a series of explosions from a gas pipe. The blaze reaching was so fierce that the house was a mass of ruins in scarcely more than ten minutes.

Mr. Smith had gone to work in the fields at 8:30 A. M., and Mrs. Smith had proceeded to the barn to milk the cows when their five year old son Roy, was seen to run to the door screaming for his father. The dwelling was ablaze. The boy rushed back into the burning house and perished. Two of the girls who were asleep and the boy, Roy, perished. The girls are Dorris, aged eight and Ellen, aged three. It is said that one of the bodies could not be found for some time and that later it was recovered from a pile of rubbish.

There are two older sons who survive.

U. S. TREASURY WAS DAMAGED BY FIRE

Washington, D. C., May 3.—The United States Treasury, the world's greatest store house was damaged by fire of mysterious origin early this morning. A portion of the roof was destroyed. The damage was estimated at \$100,000. This is the third fire of mysterious origin which has occurred in the Capitol city within a short time.

Washington, D. C., May 3.—A complete investigation into the cause of the fire which swept the roof of the United States Treasury early today causing damage of \$100,000 was ordered by the Treasury office. Secret Service operatives will aid in the inquiry into the origin of the blaze which was the second in the Treasury in recent months. The police believe the fire was started by a kerosene burner in the drafting room and that an explosion carried the flames in all directions.

PITTSBURGH STEEL PLANT SUFFERS HEAVY FIRE LOSS

Pittsburgh, Pa. May 3.—Fire which threatened to sweep the big Jones & Laughlin Steel Company's plant here today destroyed four buildings before the flames could be extinguished. Estimates placed the damage at \$250,000. The buildings destroyed were machine shops Nos. 1 and 2, the polishing mill and the finishing mill, each 80x160x100. Several hundred residents near the mills were forced to flee in night clothing as sparks ignited the roofs of their houses. The firemen fought the blaze for several hours before it was brought under control.

SOAKED DUBOIS BOOTLEGGERS GOOD

Peter Misceovich and John Urbanovich of No. 1 shaft, DuBois, who were recently arrested in a moonshine raid made by Sheriff Lowell, appeared before Judge Singleton Bell Monday morning and received sentences that undoubtedly impressed them with the seriousness of the court in regard to infractions of the liquor laws. They admitted they had discontinued.

Misceovich was sentenced to pay a fine of \$1,000 and serve two years in jail, with the proviso that if he pays his fine within five days he may apply to the court for parole after he has served six months of his sentence. Urbanovich, who is alleged to have fought with officers when they attempted to arrest him, was sentenced to pay a fine of \$1 and two months in jail for resisting an officer, and to pay a fine of \$100 and serve six months for breaking the liquor laws, with the privilege of applying for parole at the end of thirty days, after the two months sentence for resisting an officer is served.

However, there is a possibility that Urbanovich will never be a free man in America again. Facts laid before the authorities have convinced them that Urbanovich, who is unable to read or write any language, was smuggled into this country about a year ago, contrary to the emigration laws. The matter is being taken up with the emigration authorities, and if such proves to be the case, it is expected that he will be deported before his prison terms expire.

Born, to Mr. and Mrs. John Siebenrock, this morning an 11 pound boy.

Bucking Bird

Clarence Haag has to hang by the feathers of his estrich stood at Jacksonville, Fla., for the bird he has just like a chicken broncho, but speed—giddy!

FOREST FIRES ARE FINALLY SUBDUED

The forest fires, which have been raging along Trout Run the past four or five days have been finally subdued, but it took an army of men and a lot of hard work to do the trick. Those engaged in fighting these fires are positive they were the work of firebugs as during Saturday and Sunday last it is said fire was set out in five or six different places. Investigators are at work attempting to ferret out the perpetrators of this series of outrages and if they are run to earth they will be given the extreme penalty of the law.

Local Boy Scouts of Troop No. 2 and No. 4 in charge of Walter Flegal were taken out to Goshen Camp in trucks Monday night at 10 o'clock and spent the balance of the night and yesterday forenoon battling the flames. They did effective work, coming home last evening at 7 o'clock a tired bunch of boys.

The territory burned over will approximate three thousand acres and a great deal of young and growing timber was destroyed.

PLAY HOUR TO BE GIVEN ON LOCAL PLAYGROUNDS SOON

Clearfield Community Service plans during the next ten days, to hold on the site of each of the four playgrounds planned for this summer, a demonstration play hour, showing the value and possibilities of such activities of the children under guidance. The school teachers are working now with Miss Haire in preparation for these afternoons and a great deal of interest is being aroused among the children and parents. Some of those who have been attending the play-leaders institute will assist and much of beauty and grace as well as action is promised. Definite dates will be announced later.

The announcement was made at the session of the play institute last evening that the sixth and final session will be held on Thursday evening, May 10th, as originally planned. Most of those in attendance seem to be going to the circus in the afternoon, and it was felt that the original schedule would be adhered to. This is the more necessary as the committee in charge of this work has decided to conduct a short intensive course for those who have pledged themselves for volunteer service during the summer. The present course has been so largely attended and the play hours so enjoyed that some of the serious study necessary to training for playground leadership was omitted. Miss Frances Haire, who is doing this work as a special organizer, assigned to Clearfield from Community Service, Inc., will be busy with this intensive course and preparation for the playground demonstration during the two weeks remaining for her work here.

P. O. S. OF A. TO HAVE BIG MEETING AT DUBOIS MAY 11

National And State Officers Of This Vigorous Patriotic Organization Now Touring State.

COUNTY MEETING HAD A FINE TIME

Washington Camp, No. 269, P. O. S. of A. as well as members of the order throughout Clearfield County are greatly interested in the forthcoming official tour and visit of national and State officers of the order, an event that will bring this distinguished group of visitors to Clearfield County on Thursday, May 11th. Arrangements have been made for the holding of a monster rally in DuBois on that date, the Avenue Theatre being secured for the evening meeting. At 2 o'clock in the afternoon there will be a conference of visiting officers and members at which time there will be present delegates from all the camps in Clearfield County.

According to present plans the forthcoming gathering of P. O. S. of A. officers and members will be the largest event of this nature that has taken place in DuBois for several years. The meeting is part of a state-wide tour that is being taken by the state and national officers during the week of May 8th to 13th inclusive, and the meeting for DuBois takes in all of Clearfield County.

There are 16 camps in this county, all of them with a large membership, and it is expected that practically all of the camps will send good sized delegations to the big rally.

The tour of the officials is described as being organized to spread the gospel of Americanism and to explain properly to the citizens of Western Pennsylvania the true significance of the Patriotic Order Sons of America and its work.

Among the officers who are expected to be in DuBois enroute are: Hon. Gabriel H. Moyer, national president, Lebanon, Pa.; James H. Patton, national vice president, secretary of national legislative committee, Washington, D. C.; Hon. Oscar B. Wetherhold, State president, Reading, Pa.; Alfred D. Boyer, state vice president, Pottsville, Pa.; Irwin S. Smith, treasurer, Reading, Pa.; "Grand Old Man of the Order," Charles Brumm Helms, of Philadelphia, State Secretary; James I. Pyle, state master of forms, Lancaster, Pa.

The P. O. S. of A. stands for "One Flag, One Language, One Country."

PHILIPSBURG TO GET CLUB GOING

About thirty members of the Clearfield Rotary Club journeyed over to Philipsburg last evening for the purpose of assisting in the preliminary organization of the Philipsburg Rotary Club. The meeting for this purpose which was attended by twenty-four of the twenty-five charter members of the new club was held at the Hotel Philips.

Like all Rotary functions the meeting was preceded by a good dinner, which eminently fitted everybody for the task at hand. The meeting was presided over by M. Ward Fleming, Esq., and after the necessary preliminaries had been attended to, he turned the "management" over to ex-President Ward O. Wilson of Clearfield, who is given much of the credit for organizing Philipsburg, and the genial medico made things hum with his usual vim from that point to the close.

Addresses were made by M. Ward Fleming, H. B. Scott, L. G. Rank, Dr. W. B. Henderson, R. B. Stauffer and Lawshe Baird, of Philipsburg; W. E. Hoffman, of Tyrone and Messrs. Wilson, A. D. Bigler, J. D. Connolly, Geo. E. Zerfoss and C. T. Kurtz of the local club.

The temporary organization of the Philipsburg Club was effected by the election of M. Ward Fleming as Chairman and R. B. Stauffer, Secretary. Chairman Fleming appointed a committee on Constitution and By-Laws consisting of R. B. Stauffer, H. B. Scott and Dr. Carl Dinger, and then named L. G. Rank, Theodore Jackson and Sam Wigton a committee to present a list of nominations for the different offices to be filled at the permanent organization meeting which will be held next Tuesday evening.

The following twenty-five representative citizens make up the list of charter members of the Philipsburg club:

Barnes, Joseph. Building Brick Man.
Bair, Joyce, Newspaper Publisher;
Baird, Lawshe, Lock Manufacturer;
Barnes, Joseph, Building Brick Manufacturer;
Beals, Francis E., Insurance;
Bratton, George W., Wholesale.

(Continued on Page Six)

Big Loss By Fire At Pleasant Valley Orchard Farm-Stock Lost

The Pleasant Valley Orchard farm of H. B. Powell, located in Bradford township about three miles from Woodland, was the scene of a very destructive fire Tuesday in which the large farm barn machinery house, chicken house, a two-ton truck, team of mules, two cows, a calf and a hog were totally consumed.

Manager Joseph Thompson had a crew of ten men at the farm spraying the trees in the orchards and at the time of the fire this crew was working at the top of No. 3 orchard, about one-fourth mile distant, and were not apprised of the fire until the barn was a mass of flames.

The fire appeared to have its origin in or about the chicken house, which closely adjoined the machinery house. There was no fire about the place and the cause is undetermined and it is thought it might have been caused by children playing with matches.

Shortly after the fire started Oscar Rhinehart, one of Mr. Powell's truck

drivers, arrived on the scene in his truck. Knowing of the stock being in the barn Mr. Rhinehart drove up close to the burning building and stopping his truck ran into the barn untied the mules and attempted to drive them and the other stock out of the burning structure. The animals were so frightened by the flames that they refused to leave the barn. Seizing a piece of scathing Mr Rhinehart attempted to drive the mules to safety, but despite the blows rained upon their backs they would not go out. The same was true of the cattle and all were burned with the barn.

Rhinehart was finally forced by the rapidly advancing fire to retreat from the barn to save his own life and when he got outside found that the heat was so intense he could not get near the truck and it too was engulfed by the flames and totally destroyed.

The loss will amount to several thousand dollars with only a small amount of insurance.

: News of : Our Neighbors

CURWENSVILLE

A typographical error announced "The Kid" for Wednesday morning. It should have read Wednesday evening, May 3. That is this evening. Benefit of Legion Band.

The Song Fest, in celebration of National Music week at the M. E. church last evening was a decidedly enjoyable affair. Mr. Cook of the Clearfield Y. M. C. A. conducted the singing while Miss Helen Clark presided at the piano. Such old favorites as "Pennsylvania," "Love's Old Sweet Song," "Old Black Joe" and "Juanita" were especially attractive numbers on the program. A Community Sing is always a treat but this one was unusually fine, the general opinion being that we ought to have more of them. Miss Clark gave an oration on "Music" which was well received by the audience.

Miss Isabelle Kerns has returned from an extended visit to Lancaster.

Mr. and Mrs. L. H. Weber, of Luthersburg, shopped in town yesterday.

Curwensville is the birthplace of a new lodge which bids fair to become one of the largest lodges in point of numbers and the most popular lodge in existence. We refer to the "Ancient and Horrible Lodge of Liars" which is a comparatively new organization. It is the privilege of every member to lie the limit in telling of his catch on each fishing excursion, but is considered high treason and poor sportsmanship to lie beyond the limit for serious consequences may result. We were privileged to scan the license issued to a

member and found it made out in due form and properly signed by Joe Fullerton, "Chief Liar" and R. R. Robinson, "Scribe." It will no doubt be a formidable rival to the now famous Ananias Club.

Mr. and Mrs. Lemuel Bilger are in Meriden, Connecticut, spending a fortnight with their daughter.

Mrs. Elizabeth B. Carlyle is visiting her daughter Mrs. C. D. Koch of Harrisburg.

Miss Grace McClure, of Clearfield, was calling on friends in town on Monday evening.

Mrs. Minnie Bloom and Mrs. Thos. G. McCausland, of Phillipsburg, were Curwensville visitors yesterday.

Mr. and Mrs. Oscar Bloom, of Grampan, were shopping in town on Tuesday.

Mrs. Andrew Anderson spent part of Tuesday in Clearfield.

H. Denbert and H. Brett, of Altoona, were the guests of Messrs. Leonard and Hymen Kantar, on Tuesday.

Edward Dewitt with the Jackman Fur Co., of New York, was calling on Curwensville patrons yesterday.

Mrs. Cal Price was a Clearfield visitor yesterday.

Mr. and Mrs. Isaac Robinson, of Altoona, spent Tuesday with their nephew, R. R. Robinson.

Jos Smith of Altoona, was a Curwensville visitor yesterday.

Mrs. Bivels of Grampan, shopped in town on Tuesday.

L. Shapiro and daughter, Margaret, of Clearfield, were calling on friends here yesterday.

Curwensville witnessed a miniature forest fire when the hill opposite town, across Anderson Creek, was found to be on fire about eleven-thirty yesterday. An effort was made to conquer the blaze but the high wind made it impossible to cope with

the flames and the entire face of the hill was soon burned over. The dry undergrowth fell easy prey to the devouring flames but no buildings were burned and the fire had covered the entire area and burned itself out in a couple of hours. We were unable to ascertain the loss or the cause of the conflagration.

Mr. and Mrs. Jas. Sleeman, of Alexandria visited with Mr. and Mrs. George Fleming of State Street over the week end.

Mr. and Mrs. Hugh McKenrick, of Clearfield, spent Sunday with the former's parents, Mr. and Mrs. S. J. McKenrick.

GRAMPIAN

Everyone in town is down at the station to see the horses, a car with twenty arrived today.

Raymond Bachelor wants everybody to know that when he goes fishing, that it is nobody's business, how many fish he catches or how he brings them home.

Mike Meyer says he don't know how it feels to be held up with a gun, but he can give you a few pointers on the feeling of a butcher knife.

Bachelors are going to put bumpers on their garage as some of the boys are trying to enter thru the window.

Harry McKeown is a very busy man these days as he has the contract of repairing the helix on the Catholic church, the lumber being purchased from McCracken and Rowels.

Russ Wertz and his big brother Harry are raising their front porch and making a new walk. More power to you Russ.

GILLETTE SAFETY RAZORS 89c

They are regularly advertised to sell at a dollar and here you have the opportunity to buy them at 89c. Why don't you take advantage of it and have a new razor to take the place of that one you have been swearing at for so long.

These are the regular Gillette Razors and are advertised at this price simply because we bought them fortunately.

W. W. O'Brien

Work has been at a stand still on the defour ever since Jim Gaulf looked it over.

Jack Koch is drinking a cup of blood every morning. I suppose Jack is getting in trim for when he gets that long looked for bonus.

G. MORRIS KNARR PASSES AWAY

G. Morris Knarr, a valued employee of the Clearfield Postoffice for the past couple of years, and a very well known and highly respected resident of Clearfield almost his entire lifetime passed away at his home on Clearfield Street at 5 o'clock this morning after an illness of several months duration. Death was due to tuberculosis.

The deceased who was 37 years of age was the son of Reuben Knarr and spent almost his entire life in Clearfield. He was an honest, upright and industrious man and enjoyed the respect and esteem of all who knew him. He was a member of the Lutheran church and an earnest christian, taking a deep interest in the work of his church.

He is survived by his father and one daughter, his wife having preceded him to that better world three or four years ago.

The funeral will be held from his late home Friday afternoon at 2 o'clock. Interment in Hillcrest cemetery.

PINCHOT INVADES ENEMIES COUNTRY

Harrisburg, Pa., May 3.—Gifford Pinchot arrived here today intent on storming one of the most important strongholds of the machine in the

state. Dauphin County strengthened by 1500 Capitol employees is the only county that the Alter forces claim beyond a doubt. Today Pinchot held seven meetings in the smaller towns in the county an tonight will speak at a meeting in Harrisburg.

SANDY RIDGE BOY SERIOUSLY BURNED

Archie Lucas, 12 years old, son of Fred Lucas of Sandy Ridge, was terribly burned by exploding carbide early this afternoon.

The boy was pouring water into a bottle in which there was carbide. The carbide exploded, breaking the bottle and throwing the burning liquid into the boy's face.

The injured lad was taken to the Cottage State hospital.

Word from the hospital states both eyes were badly injured with the sight of the right eye probably destroyed.

ODDS AND ENDS AND THINGS

By J. D. C.

The following reference to Reed H. Logan, son of Mrs. H. B. Logan, of Walnut street, and a former well known resident here who met with the accident which so seriously crippled him for life at his father's saw mill at Logan's dam on the river just below Susquehanna Bridge, was taken from the Waterloo, Iowa, Courier and Reporter:

Handicapped by the loss of his arms since he was nine years old has not dampened the enjoyment of life for R. H. Logan, proprietor of Ellis hotel, and as may be judged from the above photograph he takes his pleasures of the open with the best of 'em.

With his left arm shorn off at the shoulder and the other a few inches below the elbow while playing in his father's sawmill, Mr. Logan has not allowed this to interfere with his ambitions and business accomplishments. At the age of 12 he began making his own way selling novelties from door to door, gradually advancing from year to year until he owned small restaurants, then larger ones and finally graduating into the owner of one of Waterloo's largest hotels.

Mr. Logan is so far from being helpless that to all intents and purposes he is able to do with what remains of one arm all that a normal man might do with two. With an ingenious hook arrangement attached to his right elbow he handles the telephone receiver, his table silver, and what is more, is able to write with pen or pencil better than the average business man.

Approx. of the photograph, Mr. Logan declared that until last summer he never believed he could enjoy the exhilaration of driving a motor car. "I laughed when a salesman suggested that I might be able to drive." But the salesman persisted and the result is seen in the Cadillac victoria above. "I don't say I can drive all cars, but with the addition of a stirrup for controlling the gear shift lever with my foot, this car might have been built by the manufacturers with me in mind."

Leaving Mansfield, O., where he disposed of his business last summer, with his wife for a 3,000-mile tour of the middle west, Mr. Logan wound up the armless driving trip without the slightest untoward incident, nor has he had any since in heavy city traffic. He took control of the Ellis hotel last September, and bears the distinction of being the only "genial host" in America who cannot extend a hand of greeting to his guests but he does it with his smile.

Accidents at coal mines in the United States killed 187 men in March of this year, according to the United States Bureau of Mines. An increase of 36 per cent is indicated over the figures for March 1921 when 137 coal mine fatalities were reported. The fatality rate, based upon an estimated production of 58,950,000 tons, was 3.17 per million tons mined as against 3.02 for March last year when the output was 37,799,000 tons. The increase of 56 per cent in the tonnage for March, 1922, was obviously due to consumers' efforts to

crease their stocks of coal against the strike scheduled for the first of April.

Statistics prepared by the Bureau of Mines during the past 9 years (1913-1921) show that the month of March has averaged 201 coal mines fatalities with an average production of 48,039,000 tons indicating a fatality rate of 4.18 per million tons mined. The rate for March 1922, therefore, represents a decreased fatality mark of nearly 25 per cent.

POPULAR LOCAL GIRL MARRIED

A pretty wedding was solemnized at the West Side M. E. parsonage Saturday afternoon, by the Rev. Armstrong when Miss Effie Hilton, daughter of Mrs. Lydia Hilton, of Crozier Ave., became the wife of Clifford Merrifield, son of Mr. and Mrs. M. A. Merrifield of Pittsburgh. The bride who was attended by her mother, wore a blue and taupe charmeuse gown beautifully designed. The groom was attended by his aunt and uncle. After the marriage ceremony, the bridal party repaired to the bride's home where a sumptuous wedding dinner was served to relatives and close friends. The happy

WAR, THE DECEIVER

The conference at Genoa does not promise great things. Perhaps when it is over the best that will be said of it will be that it made beginnings. It brought together representatives of nations that have not met around a council table for many years. There is at least something gained in that.

The problems discussed are momentous, but the spirit manifested has not been good. There is too much of craft and cunning; too much of bitterness and selfishness; too little willingness to make concessions; too many survivals of the evil genius of the old diplomacy which reckons in cliques and combinations, and both fears and trusts balances of power. There is little to be hoped from such muddling.

A chastened Europe might have been expected at least to have gained a little common sense from the experience of the last eight years. And yet such is the futility of war that it even seems to deprive its victims of the power to profit by its chastisements.

The most ordinary common sense exercised by any impartial observer would give advice something like this: "You peoples of Europe, struggling to recover from the terrible scourge of war, need more than anything else to co-operate with one another. Seeking prosperity separately and at the expense of each other not one of you will find it. But co-operating with your remaining resources you may restore all. You need trade with each other. You need each other's products and each other's services. You have in the combined holdings of all, all that you need. Individually you must remain in poverty and want."

But there is not in all the world a voice to speak these simplest words of wisdom, and were the advice given, it would not be received in seriousness by anyone in authority in Europe.

Such potency has war to deprive mankind of reason.

DON'T FAIL TO SWAT

The efforts of the human race against pests might be more effective if we did not so complacently take for granted that such bugs and insects come into being full grown and active and have their origin in nothing more than nature's desire to play havoc with the works of man.

The best way to deal with these pests is, of course, to carry the war into the enemy's country. For although these, our enemies, get around pretty well after they are full grown and on the wing, there is a time in their brief existence when they are confined to restricted areas. Mosquitos lay eggs on the surface of the water. The more out of the way and inaccessible such water is to man the more likely the mosquito is to use it as a breeding place. A tin can in the back yard with a half inch of water in it will supply a whole community with enough mosquitos to keep the entire population busy chasing them when they are once grown up.

Flies breed in filth and garbage. Such breeding places are as congenial and attractive to them as is a soft nest to a setting hen. By unerring instinct they are drawn to them, and once they have found them, the result is swarms of flies in the months that follow. It is nature's inexorable law that where there are filth and garbage in the spring, there will be flies in the summer.

The best way to forestall this effect is to make man's law that there shall be no exposed filth and garbage as inexorable as nature's law. By a careful cleaning up of such places we can rid ourselves of both mosquitos and flies. To make this result the more inevitable it is best to begin action against these pests before they are hatched to remove every possible opportunity for breeding on their part. In proportion as we take seriously our health commissioner's suggestion to dedicate the month of May to such house cleaning, we shall have gratifying returns from our efforts in the months to come.

CREDIT INFORMATION

Our files contain much valuable information on the standing and responsibility of business houses in this section. We are glad to offer to our customers the benefit of this information.

We shall be glad to obtain information for you on any concern in the country.

In these days accurate data about a prospective customer is essential to the business man who would carry on his dealings efficiently.

ALTER GROWING STRONGER DAILY

Real Republicans Aroused to Perils of Pinchotism.

EXPOSED AS SALARY GRABBER

Forester Circumvented Constitution by Resigning One Day and Receiving Reappointment Next Day in Order to Secure \$3000 Additional Pay. Frequently Renounced Republican Party.

Philadelphia, May 2.—Republicans of Pennsylvania are enthusiastically rallying to the support of the candidacy of Attorney General Alter for the Republican nomination for Governor, and it looks now as if Gifford Pinchot and the anti-Republican element of party wreckers who are endeavoring to place the unstable and demagogic forester in the executive chair at Harrisburg, are doomed to disappointment.

While he occupied the center of the stage, Mr. Pinchot, whose residence as a Pennsylvanian has never been firmly established, had a very attentive audience and was in a position to throw all kinds of brick-bats at genuine Republicans, without much danger of a comeback. But now the tides are different.

Real Republicans have awakened to the peril of Pinchotism and the grave danger that would beset Pennsylvania if a radical of the Gifford Pinchot type would by any accident capture the Governorship. As a result they are aroused to a fighting point and the Pinchot candidacy is daily growing weaker. In other words, he reached his peak about ten days ago and every effort he and his advocates have put forth has ultimately failed to save the Alter tide which is sure to drive the former State Forester to the wilderness.

Favor Legitimate Republican.
The interior counties of the State now report a growing sentiment for Alter and a corresponding weakness in the Pinchot forces. The upstanding and high character of the regular Republican candidate for the Republican nomination for Governor appeal strongly to the voters of the interior, and they show a disposition to have nothing to do with a man of the Pinchot type when they have a legitimate Republican like Attorney General George E. Alter to favor at the primary election on May 16.

The recent exposure of Pinchot's grab of \$3000 extra salary while serving as State Forester has disgusted a lot of Pinchot's followers, who are now openly for Alter. At the last session of the Legislature the salary of the State Forester was increased from \$50.5 to \$8000. The Constitution forbids a state official receiving an increase in salary while he is in office. Pinchot decided to circumvent this clause of the Constitution by resigning his office and then receiving a reappointment in order to grab the extra salary.

Ever since the Constitution of 1874, different officials, state, city and borough, have endeavored to have their salary increased while they held their respective positions, but invariably they failed, as the higher courts have been very rigid in upholding the Constitution in such matters. Pinchot, however, took the chance by resigning and being reappointed and thereby succeeded in getting \$3000 more than he would have otherwise gotten.

Rich Man's Grab.
Philadelphia newspapers which are reporting Pinchot are amazed at this revelation, and it is noticed that their enthusiasm for him is not quite as strong now as it was before he was shown up in his true colors.

If Mr. Pinchot were a poor man, it is pointed out, there might be a slight justification for his unusual action in this salary increase transaction, but as it is generally known he is a man reputed to be worth ten or twelve millions of dollars, and there was no excuse for his avariciousness and undemocratic official conduct and violation of the Constitution, regardless of what defense he may offer, and up to the present nothing he has practically made no defense.

A correspondent of the Philadelphia Record went so far one day last week as to say that the Pinchot business of resigning a \$5000 job and accepting an immediate reappointment to the same job at \$8000 to get around the Constitution of prohibition of an increase of salary while in office, shows the man's real character, and the question is asked "Was this deal honest, was it decent and upright?"

Declared Republican Party Dead.
It has also been discovered that since 1912 Mr. Pinchot has on two occasions virtually renounced the Republican Party. At a meeting in Pottstown in November, 1912, he made the following statement:

"This (Progressive) Party is no temporary party; four years from now there will be just two parties in the field; one will be the Progressive Party, the other will be the Democratic Party. The Republican Party will be dead."

This fanatical and foolish statement was not made impulsively, because two years later in a speech at Huron, South Dakota, Gifford Pinchot spoke as follows:

"The Republican Party is a thing of the past. Disloyalty to its traditions and its record, split into factions, contentious, unhappy, weak, it is seeking feverishly for help it cannot find. Its last days are upon it. I am through with the Republican Party for good and all."

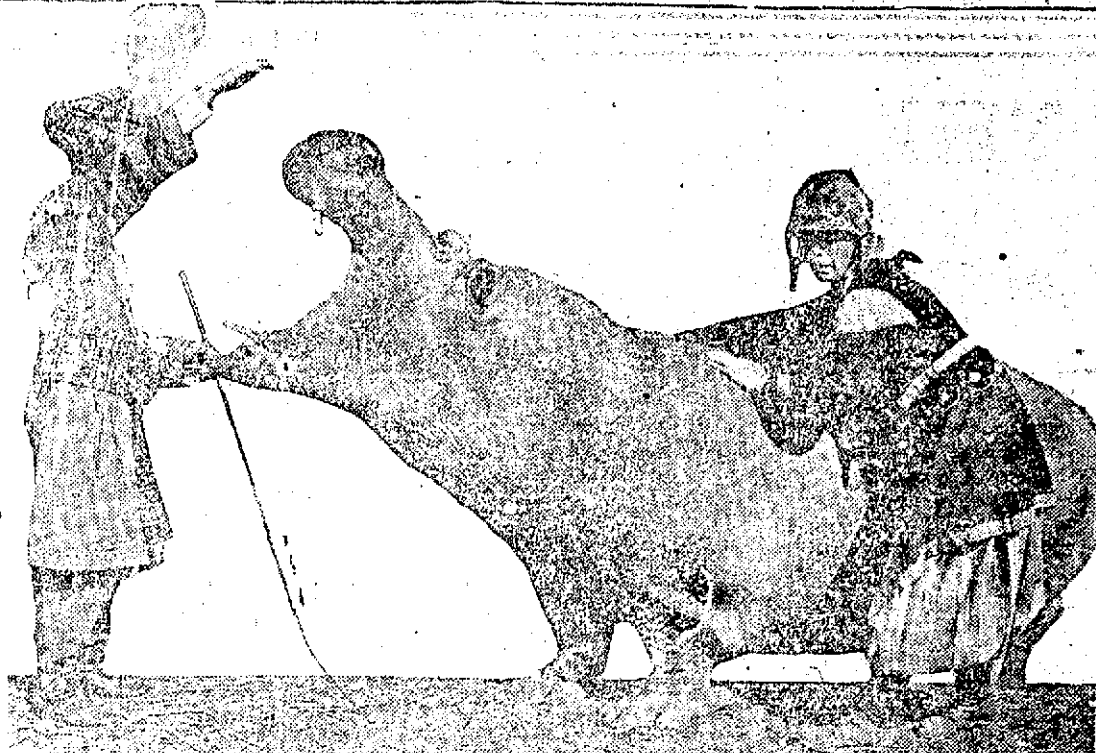

In view of these two declarations by Mr. Pinchot against the Republican Party and its very existence, it is doubtful if he will receive the support of any thinking Republican. The wonder is that he has had the nerve to announce himself for a Republican nomination. Most Republicans feel that if he wanted to be Governor he should have tried to win the goal by some other route than asking to become the party standard bearer of the big party of the nation—which he has spent the greater part of his official life in trying to disrupt and destroy.

Mrs. John E. Turner left this morning for Rochester, N. Y. to join her husband.

Hagenbeck-Wallace Big Circus Will Show On The Weaver Lots Tomorrow

Pres., critics, who have seen the Hagenbeck-Wallace circus, which is to appear in Clearfield tomorrow for two performances have said that one very pleasing feature of it is the general arrangement, which enables the visitor to see the whole show. If this is true, and there seems no reason to doubt it, one of the chief objections to the modern circus has been overcome. It will do away with a complaint so often heard "there was so much going on all the time that I didn't get a chance to see it." Thus the Hagenbeck-Wallace management has not only achieved the reputation of being the best show of its kind ever produced, but has added to its greatness by placing it within the range of two ordinary eyes.

In this connection it might be well to mention other facts. There are never any "tired backs" at the Hagenbeck-Wallace circus. Another innovation. From time immemorial circus goers have found themselves fatigued by the unnatural position in which they were compelled to sit during the show. This condition has been en-

The only trained Hippopotamus in the world. This pet is with the HAGENBECK-WALLACE CIRCUS, which comes to Clearfield, Thursday, May 4th.

tirely eliminated by the Hagenbeck-Wallace management by use of their patented seats, in use in this show,

a show of the magnitude of the Hagenbeck-Wallace circus and the attending comfort for patrons is some for everybody. For a combination of thing which will appeal to all.

"GO" ATLANTIC knows that word!

"Go" in gasoline demands not only volatility, but stability—not only the quality for action, but the quality for power as well—not only the capacity to ignite quickly, but also the stamina to "follow through" on each drive of the piston.

Atlantic is that kind of a gasoline. It is full of snap and quickness, but it is also full of vigor and punch. It is a balanced gasoline—a scientific combination of the lighter or more volatile elements needed for easy starting and sure combustion, and the heavier calorific fractions required for high expansive force.

Atlantic needs no coaxing when starting the motor. It needs no urging at the getaway. It asks no frequent gear-shifting help on the hills. And speed! "Hit sixty" or more, if you like, and the peppery "zing" will tell you that Atlantic can keep up with the fastest running motor ever built!

All of which proves that Atlantic is not simply "good" gasoline, but RIGHT gasoline. It has range. It functions perfectly at every speed and temperature and under every load. It isn't wasted under one operating condition and power-skipped under another. Atlantic is correct for present-day motors. And it is always correct—consistently uniform, no matter where or when you buy it.

"There's an Atlantic Pump on the road you are traveling"

ATLANTIC GASOLINE

Puts Pep in Your Motor

THE ROVER

By George Randolph Chester

HURDY GURDY FINANCE

"I certainly would need backing, Ames told him. 'I never experiment with my own money. However, I don't see any place in this proposition even for your funds. The park alone would not yield frenzied finance profits.'"

"If you think of a brilliant scheme, tell me," joked Houston, and, thinking Ames more formally for his opportune services of the afternoon, went away.

Ames strolled into the lobby and lit a cigarette, looking out with unseeing eyes on the jostling passersby. Before him he saw two round, blue spots. Poor kiddy! She couldn't have her playground!

Suddenly Ames grinned and returned quickly to the bar.

"Do you know where I'd be likely to find Mr. Houston at this hour?" he inquired of "Tom."

"Try the Valley City club," advised Tom, with a look at the clock. "I think this is his stud-poker night."

Ames 'phoned the Valley City club and located Houston.

"This is the amusement park promoter," he stated, by way of identification.

"Oh," returned Houston. "No wonder I couldn't place the name of Ames, when the boy brought me the card."

"I've found a way to make a decent Wilks park profitable."

There was a moment of silence. "Say, suppose you step over to the club," invited Houston.

Chapter III.

"Alright, John, get busy," reported Peter G. Houston, two weeks later. "I've cleaned up my share of the work."

Thereupon John Ames went out to see the proprietor of Wilks park. He found that gentleman nursing an eye the color of an egg plant.

"Hello, sport," greeted Wilks, placing Ames, after a fractional thought, "You see that Mud Creek gang got me."

"They that live by the fist shall die by the fist," grinned Ames. "How's business, Mr. Wilks?"

"Gotten thank you," responded Wilks, in deep discouragement. "Saturday night's a riot and the rest of the week's a funeral."

"Let's make a big business out of it," suggested Ames cordially.

"The same dope you handed out before," laughed Wilks. "You know what I told you that time."

"I came out to talk definite business with you," said Ames, leading the way to the idle merry-go-round, and sitting in a scarlet chariot. "If I guarantee to increase your receipts, will you give me one-fourth of the net increase, for the next two years?"

"Would I take a twenty-dollar gold piece?" and the Wilks' head bobbed.

YOUR KODAK AND CIRCUS DAY

That's a great combination for the kodak enthusiast. There are opportunities galore for the "snapper" to get some real pictures.

And the joy of "you should have seen this on circus day" or "this was a funny thing" or anything else that meets your fancy will be doubly valuable if you have a pictorial history of it for the years to come.

We have all the popular size Eastman Kodaks and everything else that goes with the making of good pictures. Look over the window and see the great array.

Kurtz Stationery Store

process which made a tremendous difference in his face. "What kind of a guarantee are you talking about?"

"United States money," Ames quickly stated.

Joe Wilks, whose face was separated in two broad parts when he smiled, now performed that operation.

"Lead me to it," he directed.

"Of course there's a string to it," Ames continued. "You'll be given ten thousand dollars for improvements."

on a loan of easy terms, and you will conduct the place as I say. If, at the end of next season, you haven't more than doubled your business, you may cancel your loan."

"Where do I get the money?" he wanted to know, with a lingering trace of suspicion.

"Peter G. Houston," said Ames. Joe Wilks climbed out of the scarlet chariot immediately.

"What's the first thing we do?" he inquired.

"Close down the plant," grinned Ames.

"Hey, you, BU!" roared the vigorous voice of Joe Wilks. "Turn every sucker out, and lock the gates."

Chapter IV.

Looking up from the plang for a new roller coaster, Ames beheld two blue spots before his eyes.

"Good morning, Mr. Ames," sang the flute-like little voice of Maizie Houston.

"My daughter, Maizie, Mr. Ames," explained Peter G. Houston, with a laugh. "I hope she won't be in the road."

"If she is, we'll move the road," promised Joe, cutting his face in two. This was the first time he had seen Maizie since she had left the park forever.

substantial part, perhaps 35%, of the labor cost of a ton of coal. It is ridiculously untrue that the wages paid day labor form 35%, or any part whatever, of the earnings of the tonnage men. Yet that is what Mr. Shillingford's statement very dishonestly suggests.

The misunderstanding was quickly cleared up and in no way concerned the facts in our tabulation of average earnings submitted to Mr. Nolan. But the operators have the effrontery to take this as disparaging the accuracy of our tabulation. The Congressional Committee has accepted our figures because they were impossible of attack.

and Mr. O'Neill, for the operators, who was present at the hearing, did not venture to question the figures.

We made it plain that our statistics covered the tonnage men completely and left the day men's averages to estimates. We are anxious to get sound averages for the day men too, but those averages, of course, will not change the soundness of our figures for the tonnage men.

It is unquestionable that the average for the tonnage men in 1921 was \$760,000. What we want the Government to establish by going through the operators' books is what have been the operators' profits. If the operators are so sure they made only reasonable profits why did they get out an injunction preventing the Federal Trade Commission from finding their costs; why do they still oppose any Government investigation?

Miss Myrtle McFarland went yesterday to Johnstown as a delegate to the Sunday School Convention held there this week.

EIGHT FAMOUS VICTOR

ARTISTS

Those of us who care for music, melody and melody will be delighted to know of the success of Earl E. Smith and the Clearfield Musical Club, local Victor dealer, in arranging a concert and entertainment by the Eight Famous Victor Artists, which will take place at the Driggs Theatre on Tuesday, May 9th.

The artists to appear are Henry Burr, tenor, Billy Murray, tenor-comedian, Albert Campbell, tenor, John Meyer, baritone, Frank Croxson, bass, Monroe Silver, monologist, Fred Van Epps, banjoist, Frank Banta, pianist and accompanist, the Sterling Trio and The Peerless Quartette, famous ensembles.

Perhaps there is nothing new under the sun, but here is something that seems to call that saying into question.

Eight men have achieved fame and incidentally fortune, by sending their gift of song music and fun to every corner of this tired old world by means of their Victor Records.

Then came the brilliant idea to gather these eight together, arrange vacations from their recording activities, and bring them actually face to face in person with their host of

admirers.

This task, by no means an easy one, has been accomplished, and it indeed, will be a gala occasion when they step forth, in the flesh at the Driggs Theatre.

MORE STATE ROAD CONTRACTS GIVEN

Harrisburg, Pa., May 2.—Contracts for two sections of state highway to be improved at expense of Clearfield county authorities were awarded today to Thomas J. Strickler, Huntingdon, for 4,085 feet in Conantport, at \$27,818.00, and Johnson & Kearns of DuBois, for 16,074 feet in Bradford Township, at \$118,848.54.

These awards completed the program for county roads in Clearfield County and finds no less than eight different road building jobs under way, throughout the county.

Nothing has been done thus far on the Curwensville-Grampian road for which improvement bids were opened April 19th. This being a "primary" road is purely a State proposition and it is thought the contract will be awarded this week.

Harry Shaffer of Grampian motored to Clearfield on Tuesday to spend the day with friends in town.

SALVATION ARMY DRIVE DOING WELL

The Solicitors for the Salvation Army Budget Fund who have been canvassing the town the past three days are meeting with splendid success. Clearfield people generally are appreciating the good work of the Army at all times, are coming across handsomely for the fund.

The solicitors will be at work all week and expect to see everybody before the campaign closes. Do not fail to do your part toward this worthy institution as you can rest assured that every dollar contributed will be used for the purpose for which it is intended and for the lightening of the burden of the poor, unfortunate and needy whom we have always with us.

CLERK-CARRIER EXAMINATION

There will be a civil service examination for Clerk-Carrier held at the Clearfield Postoffice on Saturday, May 20th. Application for this examination must be made on the prescribed forms which may be secured from Greis Galich at the Postoffice.

GREENWICH VILLAGE HARD TO SAY EASY TO SEE

Clearfield will doubtless be charmed with the artistic management of the "Greenwich Village Follies" which will appear at the Driggs Theatre but it is doubtful if they will ever be able to pronounce it if heard, as it is pronounced in New York and points east of the Hudson. We leave it on the word of the press agent that "Greenwich" is pronounced thus: the "green" is pronounced like the "green" in grenade, and the "wich" like "itch" with the "i" silent. The "public" is much easier to look at than it is to pronounce.

WEDDING ANNOUNCED

Mr. and Mrs. A. L. Forey, of Bigler, announce the marriage of their daughter Olive to Mr. Chas. E. Moore of Chicago, Ill.

Miss Susan Porter of Charleston, W. Va., sailed Tuesday, April 25th, on the Manhattan for Europe, where she will spend the summer.

OPPORTUNITY TO MEET EMINENT PHILA. PHYSICIAN

Clearfield people will soon be given the opportunity to listen to an address by one of Pennsylvania's foremost medical men, as President H. B. Powell of the Clearfield Hospital, has finally been able to induce Dr. Floyd W. Tompkins, the eminent Philadelphia physician, to come to Clearfield.

Dr. Tompkins has been secured to address the graduating class of the Clearfield Hospital's School for Nurses on the occasion of the commencement exercises of the School which will be held in the Clearfield High School auditorium on Thursday evening, May 18th.

Dr. Tompkins is making quite a

sacrifice to come to Clearfield and it is expected that a large audience will greet him on this occasion.

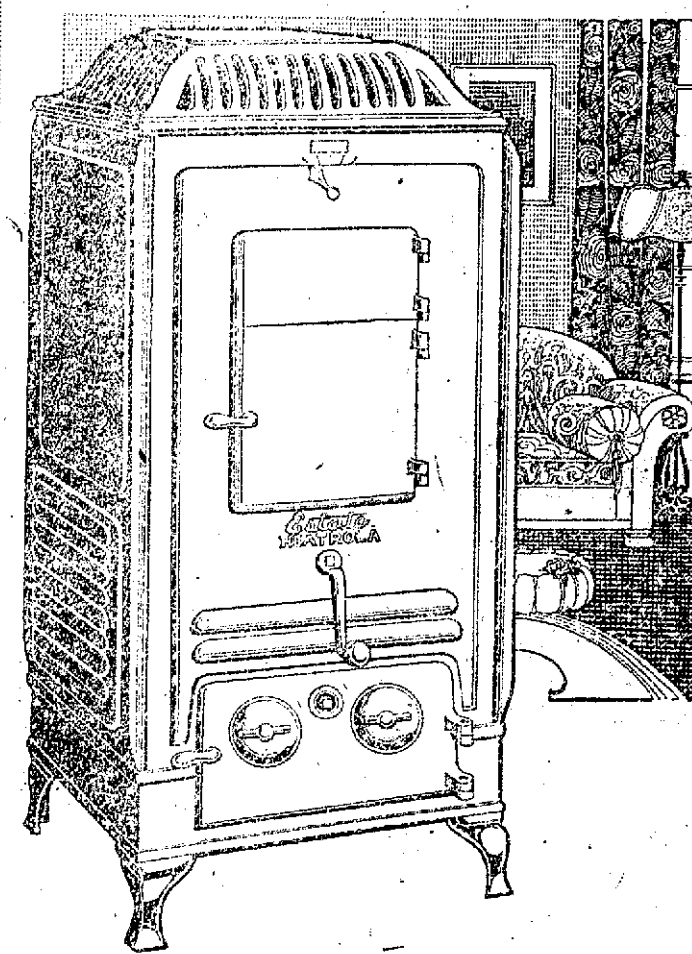

SUIT IS ENTERED

A. M. Liveright, Esq., entered suit in Prothonotary Ralston's office this

morning on behalf of the Weber Chimney Company, of Chicago, against Claude A. Johnson, of Winburne, in an effort to recover \$2221.79 said to be due on a judgement obtained in an Illinois Court.

Four Aliens Land In Law's Clutches On Black Hand Game

Washington, D. C., May 3.—Charged with attempting to extort \$25,000 from C. A. Dorsey, a wealthy farmer of Centerville Borough, four Italians employed by the State Highway Department were lodged in the County Jail here to-day. The four were alleged to have confessed to District Attorney Hughes that they left the letter demanding the money in an orchard belonging to Dorsey.

AUTO PLUNGES INTO CHEAT RIVER; TWO MEN ARE DROWNED

Uniontown, Pa., May 3.—Two men were drowned and three others narrowly escaped death when an automobile in which they were riding plunged into the Cheat River. The car got beyond control and dashed down a steep hill. The dead are H. L. Williams, a druggist, and Charles Hughes, mail carrier, both of Fairchance, Pa.

THE WOMAN OF POISE,
Once a rarity is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly on sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?

Today's News today—Progress.

\$100,000 FIRE AT MARIENVILLE, PA.

Kane, Pa., May 3.—Half the town of Marienville, near here, was in ruins today following a fire which last night and early this morning destroyed two large stores, six dwellings, a newspaper office, a bank and a motion picture theatre. The loss will reach \$100,000, it was estimated. Chief John Valentour, of the Kane Fire Department, and four Kane business men were seriously injured when an automobile in which they were rushing to the fire was overturned.

CHINESE ARMIES BATTLING HARD

Tien Tsin, China, May 3.—Reports of large sized operations in the battle between the forces of Wu Pei Fu and Chang Tso Lin continue to reach here. The former general after a severe set-back on Monday has resumed the initiative. A battle near San Mechang is imminent. The Manchurian invaders were being driven toward Peking.

Why the \$10.90 USCO is better than just a \$10.00 tire

ON November 10, 1921, the 30 x 3 1/2 "USCO" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "USCO" still occupies a place by itself. A good old

standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.

"IT IS A GREAT SILK SEASON"

—said our buyer upon his return recently from a market trip. And no wonder! Never before have Silks presented such a wealth of possibilities. A woman could easily make her entire Summer's wardrobe out of Silk, with, of course, a few exceptions.

36" Krepe Knit, \$3.85 40" Canton Crepe, \$3.95
36" Taffeta, \$2.25
40" Georgette Crepe, \$2.00—40" Crepe de Chine, \$2.00

COLORINGS

There is a complete color range—from the darker hues to these new brilliant ones Fashion has recently launched:

Bright-Eye Blue
Lip-Stick Red
Periwinkle
Dent de Lion

Silks seem agreed on one thing, however. They must be soft—pliable—drapable!

A. W. LEONARDSON CO.

FRESH FRUITS AND VEGETABLES

You'll always find that our stock of these is the latest the market affords. Drop into the store often and watch the counters. Then, too, we always have

FRESH FISH AND SHAD

These are coming thru finely during the cooler weather and the care that we give them assures you of having the best of fish for your table.

Opera House Rarely Opened.
At San Jose, in Costa Rica, there is a gorgeous opera house, said to be the "finest" in the world, but there is little use for it. It is rarely opened more than once or twice during the year for a theatrical or musical event. The great social event of the country, the presidential ball, is held here each New Year's eve.

SPRING'S HERE—GET
OUT THE SPRING
"DUDS"

Now that Spring is here in earnest you will want to get out those things that you wore last spring and summer but—"will they last me this summer?"

They certainly will if you bring them here and let me clean them and press them and then they will come to you as bright and fresh as they can be. That's real economy, too. Making your last summer's suit do again this spring.

A. G. Bartholomew

Important To The Ladies!

Don't fail to read this ad. Second Big Contest, starting May 1st.
